

## State Route 29 (SR-29)

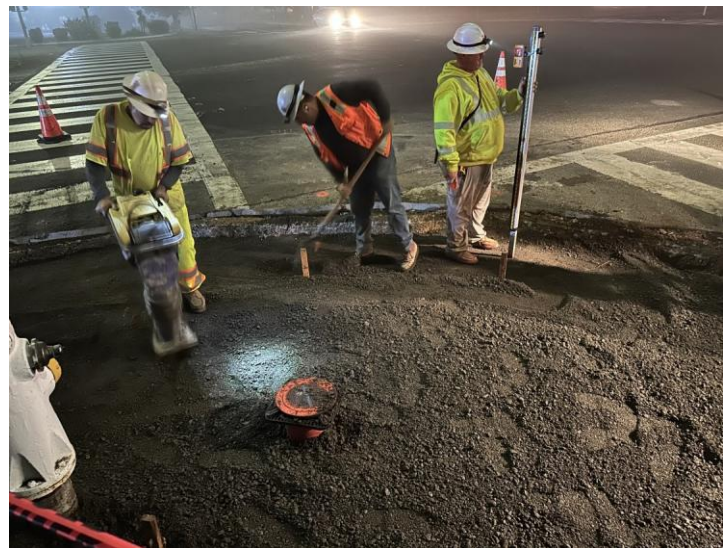

# Pavement Rehabilitation & Complete Street Project Newsletter

Welcome to this installment of the State Route 29 (SR-29) Pavement Rehabilitation and Complete Street Project Newsletter. Work affects the city of Vallejo and Solano County.

Winter is here and with that, weather can slow down progress. Our partners at Bay Cities continue to work on multiple alleyways along SR-29. The rain has halted work for now, but the completion of the alleys is scheduled to finish by late January.

A question that arises is - when will the work on the pavement start? That is scheduled for the fall of 2026. The work being done now is part of Complete Streets rehabilitation. This is the foundation for the ADA-complaint sidewalks, the bike lane, and many of the items spoken about in the last issue of the newsletter. For those please visit the SR-29 website ([SR-29 Vallejo](#)).

For now, please be safe and have a Happy New Year!

**This Caltrans Newsletter for State Route 29 will be distributed on a bi-weekly basis.**
