

State Route 29 (SR-29) Pavement Rehabilitation & Complete Street Project Newsletter

Issue—5—2-10-2026

W

elcome to this installment of

The State Route 29 (SR-29) Pavement Rehabilitation and Complete Streets Project Newsletter.

The Caltrans maintenance team was on site and filled in some of the larger potholes along SR-29. This is for the interim until our construction team reaches the full repaving portion of the rehabilitation project later this year.

If you are driving between Curtola Parkway to Valle Vista Avenue, you may have encountered some of the prep work being done before the repaving. Alleyways that need repair are being dug up, rehabilitated and prepped to be ADA-compliant.

Progress also continues with a secondary project on SR-29. Four-way intersections are being getting updated with ADA-compliant pedestrian signals and curb ramps.
