

# State Route 29 (SR-29) Pavement Rehabilitation & Complete Street Project Newsletter

Issue—6—2-25-2026

**W**elcome to this installment of the State Route 29 (SR-29) Pavement Rehabilitation and Complete Street Project Newsletter.

The SR-29 project is still in progress, but with the rainy weather in February, it has seen some delays. The project requires a lot of digging, and rain is not conducive to that kind of work.

There have also been some design issues to work around as crews make sure the work is done properly. Caltrans wants this project to last for years to come and for residents to be proud of the work that was done. This project is not meant to be a band-aid but a long-term solution

to help future generations travel safely along the corridor.

For additional information, see [State Route—29 Website](#)

**This Caltrans Newsletter for Solano County will be distributed on a bi-weekly schedule**
