Project Description: (please use a separate page if necessary)

Caltrans proposes to replace the existing concrete Limekiln Creek Bridge, located in Monterey County on State Route 1 near Lucia. Within the limits of the proposed project, State Route 1 is a two-lane undivided highway with two 10- to 12-foot lanes and 0- to 4-foot non-standard shoulders. The proposed project lies exclusively within the Limekiln State Park property. The entrance to Limekiln State Park is directly off the highway at the southern abutment. There is also access to the beach from Limekiln State Park underneath the Limekiln Creek Bridge. The existing bridge consists of eight piers and two abutments and is approximately 580 feet long and experiencing deterioration.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
