Lompoc Multi-Modal Improvements Project

In Santa Barbara County, in the City of Lompoc on State Route 1 from 12th Street to just north of Central Avenue, and on Route 246 just west of V Street to H Street.

Work Description:
Potential for various bicycle and pedestrian infrastructure improvements along these corridors, possible including multi-use paths, sidewalks, bike lanes, and crosswalks.

Project Cost: \$4,314,000
Project Funding: SHOPP

Current Phase:
PID (Project Initiation Phase)

Construction: Fall 2031 - Fall 2032

Project Manager: Sherri Martin
sherri.martin@dot.ca.gov

Route 246 CAPM and Bridge Replacement Project

In Santa Barbara County in and near the City of Lompoc on Highway 246 and Buellton from State Route 1 to just east of the Domingus Road intersection.

Work Description:
Preserve 22 lane miles of Class II pavement, rehabilitate drainage, upgrade sign panels and guardrail, install ADA curb ramps, create a pedestrian path from State Route 1 to River Park Road, and replace the Santa Ynez Bridge with a bridge raised above flood levels with wider shoulders that can safely accommodate vehicles, bicycles, and pedestrians.

Project Cost: \$58,240,000
Project Funding: SHOPP \$48,790,000
SBCAG \$9,450,000

Current Phase:
PA&ED (Environmental Documentation Phase)

Construction: Spring 2029 - Summer 2034

Project Manager: Joseph Arnold
joe.arnold@dot.ca.gov

Vandenberg Village CAPM Project

In Santa Barbara County on State Route 1 from just south of Cabrillo Highway to the Vandenberg Space Force Base Main Gate.

Work Description:
Preserve just over 27 lane miles of Class II pavement using Rubberized Hot Mix Asphalt overlay strategies including cold planing or shoulder backing, rehabilitate drainage, replace signage and sections of guardrail, rehabilitate/reconstruct curb ramps, and install complete streets features including shoulder widening and bicycle conflict marking.

Project Cost: \$16,029,000
Project Funding: SHOPP

Current Phase:
PA&ED (Environmental Documentation Phase)

Construction: Spring 2028 - Fall 2029

Project Manager: Sherri Martin
sherri.martin@dot.ca.gov
