

Us 101 Santa Maria To San Luis Obispo Multimodal Corridor Plan

US 101 – STATE ROUTE 227 – LOCAL ROAD NETWORK – TRANSIT AND ACTIVE MODES

EXPECTED RESULTS

- Solid framework for implementing capital improvements supporting state, regional, and local goals and priorities, including Senate Bill 1 goals
- Range of proposed, prioritized improvement concepts
- Consensus with local agency partners and stakeholders

COMMUNITY ENGAGEMENT

We need the community's help!

- Choose goals for guiding the study
- Share issues and concerns that you encounter in the corridor
- Tell us where you frequently experience traffic
- Make suggestions for improvements
- Talk about solutions
- Make decisions for moving forward

END DATE

- Estimated Completion: Early 2021

Study Purpose

This plan will help Caltrans and our partners establish a unified vision for the corridor as one complete transportation system connecting communities, jobs, services, and healthy lifestyles.
