Notice of Public Hearing and Notice of Availability of a Draft Environmental Impact Report/Environmental Assessment

The California Department of Transportation (Caltrans) has completed the Draft Environmental Impact Report/Environmental Assessment (EIR/EA) for the State Route 39 (San Gabriel Canyon Road) Reopening Project. The proposed project would restore and reopen a section of State Route 39 (SR-39) in the Angeles National Forest that has been closed to public traffic since 1978 due to recurring rockslides and concerns over public safety; the project would address those safety concerns. The project location is shown on the map on page three.

The Draft EIR/EA can be viewed at <https://dot.ca.gov/caltrans-near-me/district-7/district-7-programs/d7-environmental-docs>.

A hard copy of the document is available for viewing during normal business hours at:
