Project Title: State Route 1 (SR-1/Lincoln Boulevard) Multimodal Improvements Project

Project Applicant: California Department of Transportation. District 7

Project Location (include county): City of Los Angeles and Unincorporated Los Angeles County: Lincoln Boulevard (SR-1) between Jefferson Boulevard and just south of Fiji Way

Project Description: The proposed project would improve circulation and safety along Lincoln Boulevard by constructing an additional southbound lane, installing sidewalks and protected bicycle lanes, and implementing complete streets and other related improvements along an approximate 0.61 mile segment of Lincoln Boulevard between Jefferson Boulevard (PM 30.16) and just South of Fiji Way (PM 30.74). The project work activities primarily occur in the City of Los Angeles with potential temporary construction easements and partial right-of-way acquisitions needed in the north and northwest within parcels that are located within unincorporated Los Angeles County. The project will create a new multi-modal corridor for all user types and improved traffic operations while minimizing impacts to the Ballona Wetlands Reserve, Ballona Creek, and other environmental resources.

This is to advise that the Caltrans District 7 (☒ Lead Agency or ☐ Responsible Agency) has approved the above described project on _____ and has made the following determinations regarding the above described project.
