OVERVIEW

The Travel Expense Claim (TEC) Form [FA-0302](#) is used to reimburse employees for out-of-pocket expenses and to clear outstanding travel advances. All TECs must be itemized, accompanied by the necessary receipts and supporting documentation, and approved by the authorized officer(s). It is the responsibility of the officer approving the claim to ascertain the necessity and reasonableness of incurring expenses for which reimbursement is claimed.

Approval of travel reservations in Concur and TEC reimbursement is the responsibility of the appointing authority, or designee, who has knowledge of the travel and expenses incurred by the employee. The appointing authority must review the TEC to ensure compliance with all California Department of Human Resources (CalHR) rules and bargaining unit MOUs. The Appointing Authority is defined as a supervisor, management within the employee's chain of command, or appropriately designated authority in a supervisor/management classification familiar with the travel may approve TECs or travel reservations in Concur.

All business travel that results in any cost (airfare, rental car, meals, hotel, etc.) to the state must be supported by a Travel Expense Claim (TEC) Form [FA-0302](#). All business travel that is paid for by the state via a transportation contract (e.g. car rental contract, airline contract) shall also be documented on a TEC. The TEC shall note the method of transportation but not a cost as the employee does not incur an out-of-pocket expense. Any state business travel that is paid by a non-state entity or benefactor must be documented and approved in advance by the appointing authority or designee and must be reconciled by filling a TEC.

Travel expense claims are to be completed in ink or typewritten. TECs shall be submitted at least once a month and not more than twice a month. If the amount claimable for any month does not exceed \$10.00, the filing may be deferred until the total amount claimable exceeds \$10.00 or until June 30, whichever occurs first. Travel expenses claimed for July 1 and beyond must be on a separate travel expense claim from those claimed for June 30 or earlier.

More than one month's expenses for the same fiscal year may be combined on a TEC. Travel expense claims for \$10.00 or more are due by the end of the month following the month in which the travel expenses were incurred. All travel expense claims incurred in any year are due by June 30 of that year. If travel

extends through June 30, the TEC should be submitted as soon as travel is completed.

Separate travel expense claims must be filed for out-of-state travel and relocation. Expense claims involving short-term per diem while on long-term assignment must be included on the same claim.

Travel expense claims should be submitted to the Division of Accounting's Travel Payments and Policy Section at:

Inter-office mail: Mail Station 25

U.S. mail: PO Box 168018, Sacramento, CA 95816-8018

Overnight courier: Available at District cashiering offices.

Email/Electronic: Division.of.Accounting.TEC.mailbox@dot.ca.gov

To submit Travel Expense Claims electronically, the e-signed TECs are required to be sent by the Approving Authority to the TEC mailbox

Upon receipt of the TEC by the Travel Payments and Policy Section, the claim will be audited to ensure that it is reimbursed in accordance with California Code of Regulations (CCR) rules and regulations, Bargaining Unit Contracts, and the State Administrative Manual (SAM).

Long-Term Assignment Travel Expense Claims (TEC)

Long-term assignment (LTA) expenses are limited to those authorized in Chapter 5 - Long-Term Assignments.

LTA Travel Expense Claims (TEC) should include the first 15 to 30 days of short-term expenses claimed when seeking long-term accommodations.

All TECs for long-term assignment should be checked for the following:

Claims are identified as "LTA" under purpose of trip.

One (1) copy of the approved Form [FA-1350](#) "Long-Term Assignment Information and Certification of Subsistence Rates" is attached.

One (1) copy of the approved Form [FA-1310](#) "Caltrans Long-Term Assignment Cost Analysis" is attached.

Receipts are required for all long-term accommodations and may be submitted for reimbursement immediately upon payment. Acceptable receipts from commercial establishments must include the following:

1. Renter's name.
2. Name of the property (if applicable).
3. Property address and phone number.
4. The amount paid.
5. The rental period.
6. The landlord or property manager's name and phone number.
7. The landlord or property manager's signature.

Note: Copies of cancelled rental checks or lease agreements alone do not meet receipt requirements.

The Department may request additional information to substantiate a business transaction such as, but not limited to, rental agreement, copies of canceled checks or any other information deemed reasonable.

Utility receipts must show the item as paid before reimbursement can be claimed. Noting the check number paid to the utility company on the bill does not meet the receipt requirement.

Furniture rental expenses may not be claimed until an employee's monthly bill indicates it has been paid.

LTA mileage and business miles to various job sites during the workday must be separated on the TEC from mileage to and from the main job site and mileage to obtain meals.

Meal expenses cannot be claimed until they have been incurred.

Out-of-State Travel Expense Claims (TEC)

All out-of-state Travel Expense Claims (TEC) should be checked for the following:

Claims are identified as "Out-of-State" under purpose of trip.

Two (2) copies of the approved Form [STD. 257](#), "Request for Approval of Out-of-State Travel" are attached to the TEC.

A copy of the itinerary from the travel agency or airline ticket receipt is attached to the claim. The itinerary or airline ticket receipt must indicate the total cost of the airfare, including any change fees.

A copy of car rental receipt is attached to the claim.

Meal reimbursement is not claimed for a meal that is served and/or offered on the flight.

An out-of-state claim must be submitted on a separate TEC. Do not include with expenses for in-state travel, except those directly related to the out-of-state trip (i.e. mileage to and from the airport upon departure and return).

Out-of-state object codes are used in coding the TEC. See Chapter 3 - Agency Object Codes.

An out-of-country claim must include valid documentation for foreign currency exchange rates. If unavailable, the [FXConverter](#) (Foreign Exchange Currency Converter) may be used as adequate documentation.

All information on the TEC must be consistent with the Form [STD. 257](#). The sum of the amount claimed on the TEC and the transportation costs charged to the state (airfare, rental car, etc.) must not exceed the total approved on the STD. 257. Conference fees and training costs are not included in this comparison. Contact the division out-of-state coordinator for additional approval if expenses exceed the total amount approved on the STD. 257.

Third Party Vendors (Priceline.com, Hotels.com, etc.)

References: [California Department of Human Resources \(CalHR\) PML 2005-21](#)

OVERVIEW

To meet the requirements of an "accountable plan," the Internal Revenue Service (IRS) and the State Controller's Office (SCO) have established strict requirements for reimbursement of employee travel paid to third party vendors. Third party vendors are defined as individuals or organizations other than the principals involved in business transactions. Payments are made to third parties, not directly to the individuals or businesses providing the goods or services. Third party vendors include, but are not limited to, Internet companies such as Priceline.com, Expedia.com, Travelocity.com, Hotels.com, etc.

The California Department of Human Resources (CalHR) has strongly advised that State travelers use a Department of General Services (DGS) approved travel agency to make travel arrangements (Concur). Employees who use a third party vendor must meet specific receipt requirements addressed in this section to receive reimbursement of their travel expenses.

REIMBURSEMENT OF THIRD PARTY LODGING

To comply with the receipt requirements and receive reimbursement for appropriate lodging expenses, a traveler using a third party vendor must provide:

1. A receipt from the third party vendor indicating the employee's name, hotel establishment providing the service, the check-in date, check-out date, itemized expenses incurred, and
2. A receipt from the hotel that provided the service indicating the employee's name, check-in, and check-out dates.

The hotel receipt does not need to itemize the hotel rate or taxes to third party vendor.

There are no exceptions to the requirements listed above. A Travel Expense Claim (TEC) for reimbursement of third party lodging without both required receipts will result in the rejection of the claimed expense.

REIMBURSEMENT OF THIRD PARTY TRANSPORTATION

Reimbursement is allowed for airfare, commercial car rental, and other transportation charges paid to third party vendors as long as the cost does not exceed the actual and necessary costs as determined by the department, not

the employee. A justification is required on the TEC explaining why the department's travel reservation system (via CalTravelStore) was not used.

Receipt Requirements

References: [California Code of Regulations \(CCR\), Administration, Title 2 Sections 599.615, 599.615.1, 599.625, and 599.625.1](#), [Bargaining Unit Contracts](#), and [California Department of Human Resources \(CalHR\) PML 2005-021](#)

OVERVIEW

Each item of expense of \$25.00 or more requires a receipt. Depending upon the nature of the expense, receipts may also be required for items of expense that are less than \$25.00. When receipts are not required to substantiate the amounts claimed on the Travel Expense Claim (TEC), it is the employee's responsibility to maintain receipts and records of his or her actual expenses for tax purposes.

Reimbursement will be claimed only for actual and necessary expenses. Regardless of the amount claimed, the approving officer may require additional certification and/or explanation to determine that an expense was actually and reasonably incurred. In the absence of a satisfactory explanation, the expense will not be allowed.

THIRD PARTY VENDORS

The policies regarding the use of and reimbursement for third party vendors (such as Priceline, Expedia, etc.) will be strictly enforced. For more information, see Chapter 3 - Third Party Vendors.

REQUIRED RECEIPTS

In the absence of a receipt, reimbursement will be limited to the non-receipted amounts in the table below. Receipts smaller than 8 ½" x 11" must be taped to a full-size sheet of paper. The original receipt plus one copy are required.

Claim filed from data gathered by supervisor in official capacity and represents a true and correct summary of expenses incurred by this employee prior to death.

Amounts representing travel expense advances due from the decedent are deducted and a revolving fund check is issued in the name of the deceased employee for any remaining balance. These checks are sent to the Cashiering Office for handling.

Skelly Hearings

References: [State Personnel Board Administrative Appeals](#)

Adverse actions are formal disciplinary measures taken against State employees and include dismissals, suspensions, demotions, reductions in salary, disciplinary transfers and official reprimands. When a department takes adverse action against an employee, he or she has the right to respond to the department regarding the charges prior to the effective date of the action. An informal Skelly meeting is generally held at which the employee may present his or her response to the proposed adverse action.

Skelly hearings are generally scheduled where the employee lives and works. If the hearing is scheduled in another geographical location and the employee must travel to the hearing, Caltrans will reimburse the employee for travel expenses in accordance with the applicable travel regulations and rates. If the location of a Skelly hearing is for the convenience of the employee or the union, no travel expenses will be reimbursed.

REIMBURSEMENT CLAIMS

For expenses related to Skelly hearings, the employee may request reimbursement by submitting a Travel Expense Claim (TEC) Form [FA-0302](#). Reimbursement is limited to the amount an employee would receive for any other travel required by the State.

For additional information on reimbursement, see:
