Current Job Title Senior Resident Engineer/Construction Manager

Begin Date: 02/01/2010

Employer Name Southstar Engineering and Consulting, Inc.

Duties/Projects:

- 1 Almost 30 years of experience in project management, construction management, and civil engineering. Extensive construction management and administration experience and knowledge providing a solid foundation for the delivery of projects from inception to completion of construction. Experience includes working for Caltrans District 8 delivering projects on various routes within the District as a Project Manager and as a Resident Engineer. Experience also includes working for the County of San Bernardino Department of Public Works as a Resident Engineer where I performed the duties of construction manager on many successful projects. During my tenure, as Resident Engineer at the County of San Bernardino Department of Public Works, I delivered the largest transportation construction project in the County's history, Ft. Irwin Road Widening and Rehabilitation Project. Over the past two decades, I have been the Resident Engineer on many projects. I have supervised the delivery of approximately \$200 Million in heavy highway and public works construction capital improvements. To name a few, I-15/Cajalco Interchange, I-10/Jefferson Interchange, I-15/Los Alamos OC, I-215 Widening South Segment in Murrieta, CA, Pearblossom Highway Rehabilitation Project and SR-60/Archibald Interchange Improvements. All these projects that were delivered under my supervision, included many RFIs and Potential Claims that were managed and resolved using the applicable Caltrans Standard Specifications at the time of the Project.

ONGOING CONSULTING SERVICES *Please enter your most recent experience first*

Job Title Senior Resident Engineer

Begin Date: 07/01/2017

Employer Name Southstar Engineering and Consulting, Inc.

Duties/Projects:

- 1 Cajalco/I-15 Interchange Improvement Project, Corona, California
Mr. Abuelhassan is currently serving as Construction Manager/Resident Engineer for this \$50 Million project. The project will reconstruct the interchange located on Interstate 15 at Cajalco Road in the City of Corona. The improvements increased the capacity of the overcrossing and ramps in order to reduce congestion and accommodate projected development and growth in the area. A six-lane overcrossing bridge was constructed on a new alignment north of the existing bridge. The four existing ramps were realigned and one new loop ramp was constructed, for a total of five new and modified ramps. Mr. Abuelhassan is responsible for overseeing all construction activities and contract administration along with performing all schedule preparation, review, and task analysis, all potential claims and all issue resolution. The Project is currently 100% complete and is in Plant Establishment which is scheduled for completion by June 2023.
