Current Job Title Consulting Civil Engineer Begin Date: 8/1/2010

Employer Name Guy G. Harris Consulting

Duties/Projects:

 1 Dispute Resolution Board Member, Dispute Resolution Advisor

Current Job Title Farmer Begin Date: 1/1/1991

Employer Name Guy G. Harris Farms

Duties/Projects:

 1 Walnut and Bean Farming, I own and manage walnut orchard operations for over 400 acres of developing and producing walnut orchards. This work includes all supervision required to manage full-time and part-time employees, as well as coordinating equipment and materials needed in the day-to-day operations. I manage all of the company records using my own computerized spreadsheets and databases. I work with the county agriculture agents to abide with the permits and environmental concerns involving the use of chemicals and fertilizers. I coordinate permits for the use of river and slough irrigation water with local, state, and federal water control agents. I conform with all the requirements of the Employment Development Department on personnel matters and the appropriate government tax revenue agencies. I also work with geologists on contracts for natural gas exploration and the Division of Oil and Gas on mineral rights and regulation of gas developers. I also design, develop, and oversee earthwork leveling for agricultural fields.

Current Job Title Auto Parts Sales, Owner Manager Begin Date: 1/1/1978

Employer Name Tisdale Motors Performance

Duties/Projects:

 1 I own and operate an automotive parts sales and mechanical repair business, specializing in antique and custom automobiles. In addition, I manage all of the company records, using my own computerized spread sheets and data bases. I work with the proper public authorities that have to do with this field of work.

Current Job Title President Begin Date: 3/1/2014

Employer Name Tisdale Irrigation and Drainage Company

Duties/Projects:

 1 Chairman of the Board of Directors for 2000 acre irrigation and drainage company.

Current Job Title President Begin Date: 8/1/2015

Employer Name Meridian Walnut Hulling Association

Duties/Projects:

 1 President of the Board of Directors, and managing partner for an Agricultural Cooperative walnut hulling and drying facility.

Current Job Title Board Member, Loan Committee Chairman Begin Date: 11/1/2011

Job Title Supervising Transportation Engineer, Chief of the Engineering Support Branch of the Legal Division
 Employer Name California Department of Transportation
 From: 02/01/1994 To: 07/31/2010

	Duties/Projects	Begin Date	End Date
1	Headquarters Legal: I served as Chief of the Engineering Support Branch for the Legal Division., I was Project Manager over all the engineering research and analysis for the Redwood National Park Bypass Project with claims totaling over \$75,000,000 prior to the out-of-court settlement. I supervised a staff of engineers in Sacramento in coordination with the project attorneys and oversaw research and arbitration claim preparation. I also worked as a liaison between Headquarters Legal, Headquarters Construction, various Districts, and consultants in the coordination of various arbitration efforts. In addition, I have served as secretary of the Asphalt Concrete Task Force and am a member of the Associated General Contractors/Caltrans Rock Products Committee. I have worked closely with attorneys on both tort cases and have testified in both mediation and arbitration cases on construction claims from several projects. On one of these projects I was the Resident Engineer of record. I served as both percipient and expert witness in said arbitration. I have testified in Superior Court as well as a percipient/expert witness. In addition, I work closely with top managers of Headquarters Legal on financial and policy matters and oversaw expert witness contract amounts and work product. I worked on the Design-Build, California Rail Car Manufacturing project, overseeing the contract administration claims avoidance and warranty engineering with Amerail (formerly Morrison-Knudsen). I regularly reviewed all proposed new and modified specifications and standard special provisions. I spent nearly twelve years on the specification writing / trouble shooting committee for the California Toll Bridge Retrofit program and was a member of the 2010 Standard Specifications Committee and the Plain Language Specifications Committee.	02/01/1994	07/31/2010

Job Title Senior Transportation Engineer: (Limited Term)

Employer Name California Department of Transportation

From: 08/02/1993 To: 01/31/1994

	Duties/Projects	Begin Date	End Date
1	Headquarters Legal: I was in charge of the engineering research and analysis for the Redwood National Park Bypass Project with claims totaling over \$75,000,000. I hired, trained, and managed the staff of the engineering support unit for Headquarters Legal to prepare for arbitration of this claim package. I also worked as liaison between Headquarters Legal, Headquarters Division of Construction, District 1 and consultants in the coordination of the efforts. In addition, I continued to serve as secretary of the Asphalt Concrete Task Force and a member of the Associated General Constructors/Caltrans Rock Products Committee. I worked with attorneys on both Tort cases and construction claims from projects for which I was the Resident Engineer, acting as both percipient and expert witness.	08/02/1993	01/31/1994

Job Title Senior Transportation Engineer

Employer Name California Department of Transportation

From: 07/01/1991 To: 8/1/1993

	Duties/Projects	Begin Date	End Date
1	Headquarters Construction, Engineering and Management: I participated in the development of the Claims Resolution Branch. In this unit I analyzed construction claims of various natures, particularly those of production and/or delay claim nature. I used Critical Path Method (CPM) computer programming to "reconstruct" projects from a time/as-built aspect in order to analyze the effects of Contract Changes and other delays. I worked closely with the Board of Review and our Legal staff in these analyses, and have served as a secretary to said Board. I have done a great deal of research and analysis for the Redwood National Park Bypass Project with claims totaling over \$75,000,000. I worked on an assignment to staff, train and manage an engineering support unit for Headquarters Legal to prepare for arbitration of this claim package. I also worked as a liaison between Headquarters Legal, Headquarters Construction and District 1 in the coordination of the efforts. Prior to this assignment I used the aforementioned CPM methods to assist the district field personnel in the management of ongoing projects. I have instructed a delay analysis/CPM class to district construction personnel on a statewide basis. I have established an electronic data base management system used to track the status of claims throughout the state using data received electronically from each district claims office. In addition, I served as secretary of the Asphalt Concrete Task Force and a member of the Associated General Contractors/Caltrans Rock Products Committee and was involved in the rewriting of section 39 of the 1992 Standard Specifications. I was Project Manager for the Home Office Overhead research project performed at San Francisco State University. I was the Knowledge Based Expert Systems Coordinator for Construction. I have written the specification updates for the CPM scheduling specification as well. I functioned as the computer coordinator for the claims unit. I have served on an interview panel for hiring new engineers into our unit. I completed the Oversight Academy and the Developing Managerial Effectiveness series. I was designated as Acting Branch Chief in the absence of my supervisor. In addition, I trained and oversaw the work of the newer members of said unit.	07/01/1991	8/1/1993

+ -

Job Title Associate Transportation Engineer (Registered)
Employer Name California Department of Transportation
From: 07/01/1988 To: 06/30/1991

	Duties/Projects	Begin Date	End Date
1	I was Resident Engineer in charge of an annual construction program in excess of \$5,000,000. Some of the major projects I was in charge of were the A.C. overlay of Route 49 from So. Fork Yuba River to North San Juan, the reconstruction of 6 miles of I-80 using PCC and reconstruction of 9 bridges at Cisco Grove, the construction of a median barrier and reconstruction of 2 bridges on I-80 at Baxter, the slide removal and reconstruction of the slopes at Baxter, the construction of chain on areas on I-80 at Nyack and Kingvale and began reconstruction and PCC overlay of I-80 from Kingvale to Soda Springs. I worked with the District Project Development, Right of Way, Translab, Maintenance, Accounting, FHWA, utility companies, various local county officials and public landowners on problem areas encountered in the construction projects. I have supervised as many as ten employees, most of which were consultant inspectors. I was Personal Computer consultant for District 3 Construction and instructed both construction and district office personnel. I worked with the local California Highway Patrol in coordinating COZEEP contracts. I have also dealt with many budgeting, rental, and right of way agreement problems at various levels. I gave several presentations on the use of CPM scheduling programs throughout the state. I also set up several management plans and forecasting means via the computer for the Deputy District Director for Construction.	07/01/1988	06/30/1991

+ -

Job Title Assistant Transportation Engineer
Employer Name California Department of Transportation
From: 07/01/1984 To: 06/30/1988

	Duties/Projects	Begin Date	End Date
1	I worked as a materials tester, plant inspector, hazardous waste site investigator, borrow and disposal site investigator, mainframe computer programmer, surveyor, assistant traffic engineer, designer, and primarily as an Assistant Resident Engineer in Construction. As Assistant Resident Engineer, the major projects I was personally involved in were the widening of Hwy. 174 near Chicago Park, the construction of Sack concrete walls on the Yuba River and Hwy 49 near Downeyville and Sierra City, the reconstruction of 7 bridges on I-80 from Blue Canyon to Kingvale, the reconstruction and widening of 2 bridges and the roadway at Long Ravine on I-80 near Colfax, and the completion of the widening of Brunswick Road bridge and freeway connection on Hwy 20/49 in Grass Valley. These projects, along with the many smaller projects included Asphalt Concrete Paving, Drainage Portland Cement Concrete Paving, Barrier and Guard Rail construction, Bridge Construction, Earthwork, slurry seals, fence construction, signing, striping, lighting and signal system work. I was acting Resident Engineer in the absence of my supervisor. I was Personal Computer Coordinator for District 3 Construction and instructed the use of said computers to field personnel.	07/01/1984	06/30/1988

CERTIFICATION AND ACKNOWLEDGMENT

- By checking this box, I certify that the information in this form is true and accurate to the best of my knowledge, information, and belief.
- By checking this box, I acknowledge that I will uphold the Dispute Resolution Board Foundation (DRBF) Canons - (1) Disclosure, (2) Conflicts of Interest, (3) Confidentiality, (4) Board Conduct and Communication, and (5) Board Procedures - as described in Section I, "Description of Work," of the DRB or DRA Agreements.
- By checking this box, I understand that either the Department or the Contractor may replace me as described in Section VII, "Replacement of DRB Member," or "Replacement of DRA," including for failure to uphold the DRBF Canons as specifically set forth in Section I, "Description of Work," of the DRB or DRA Agreements, respectively.
