Current Job Title Senior Construction Manager

Begin Date: 11/2006

Employer Name AECOM

Duties/Projects:

- |   |  |
|---|--|
| 1 | Resident Engineer/Structure Representative; City of Bakersfield; Kern River Bridge Improvement Project - Responsible for contract administration , in accordance with the City and CT LACM, for the required construction. This project consists of the widening of the Kern River Bridge and the Truxtun Avenue Bridge, as well as construction of two other bridges and modifications to several of the ramps in the interchange. Responsible for the coordinating the review of shop plans and inspection of all materials to be used for the project. Responsible for the analysis, review and approval of trenching and shoring plans and falsework plans submitted by the contractor. Responsible for the training and oversight of various inspectors. Provide responses to RFIs, and provide work contract change orders to resolve problems encountered with the design or unanticipated conditions in the field. (2017 to current)   |
| 2 | Resident Engineer/Structure Representative; City of Bakersfield; Bakersfield Freeway Connector - Responsible for contract administration , in accordance with the City and CT LACM, for the required construction. This project consists of the widening of the W58/99 Separation Bridge, constructing a cut and cover tunnel in 2 stages and 3 span bridge with an outrigger bent. Responsible for the coordinating the review of shop plans and inspection of all materials to be used for the project. Responsible for the analysis, review and approval of trenching and shoring plans and falsework plans submitted by the contractor. Responsible for the training and oversight of various inspectors. Provide responses to RFIs, and provide work contract change orders to resolve problems encountered with the design or unanticipated conditions in the field. (2019 to current)   |
| 3 | Structure Representative; City of Bakersfield; Centennial Corridor Mainline - Responsible for contract administration , in accordance with the City and CT LACM, for the required construction. This project consists of the construction of 10 bridges, multiple MSE walls, retaining walls and sound walls. Responsible for the coordinating the review of shop plans and inspection of all materials to be used for the project. Responsible for the analysis, review and approval of trenching and shoring plans and falsework plans submitted by the contractor. Responsible for the training and oversight of various inspectors. Provide responses to RFIs, and provide work contract change orders to resolve problems encountered with the design or unanticipated conditions in the field. (2019 to current)   |
| 4 | SCRRA Resident Engineer; Metrolink; Burbank, CA; Empire Avenue and Buena Vista Street Grade Separations (Part of Caltrans Route-5 Widening Project) - responsible for contract administration and construction of the Metrolink Empire Avenue and Buena Vista Grade Separation project. This project required SCRRA/Metrolink to work within the Caltrans contract to administer the construction of 2 miles of shoofly rail line, construction of 4 MSE walls, several retaining walls and 2 structural steel railroad bridges. Responsible for the coordinating the review of shop plans and inspection of all materials to be used for the project. Responsible for the analysis, review and approval of trenching and shoring plans and falsework plans submitted by the contractor. Responsible for the training and oversight of various inspectors. Provide responses to RFIs, and provide work contract change orders to resolve problems encountered with the design or unanticipated conditions in the field. (2014 to 2017) |
| 5 | Scheduler; Caltrans District 7; State Route 47 - Schuyler Heim Bridge Replacement - responsible for reviewing the project schedule updates provided by the Contractor and recommending if it should be accepted. The construction work was performed in 6 stages and began in late 2011 with an anticipated completion in late 2017. Reviewed the time impact analysis submitted by the contractor in support of requests for additional project time (2013 - 2015)  |
| 6 | Structures Resident Engineer, Advisor; City of Los Angeles; Provided bridge construction and contract administration expert advice to the City of Los Angeles Bureau of Engineering and Bureau of Contract Administration regarding the construction of the new Riverside-Figueroa Bridge connecting Cypress Park and Elysian Valley. Assisted the City by providing analysis, review and approval of trenching and shoring plans and falsework plans submitted by the Contractor. Reviewed and recommended responses to RFIs and requests for change orders. Assisted the City inspectors for the project in understanding the criteria for acceptance of the contractor's work (2013 - 2014)   |
| 7 | Structure Representative/Scheduler; City of Thousand Oaks; Wendy Drive - Responsible for contract administration, in accordance with the City and CT LACM, for the required construction. This project consists of the construction of widening of the Wendy Drive structural steel bridge and modifications to several of the ramps in the interchange. Responsible for the coordinating the review of shop plans and inspection of all materials to be used for the project. Responsible for the analysis, review and approval of trenching and shoring plans and falsework plans submitted by the contractor. Responsible for the training and oversight of various inspectors.   |
