Job Title Senior Bridge Engineer- Senior Resident Engineer

Employer Name Caltrans - Office of Structure Construction & District 4 Toll Bridge Program

From: Nov. 1991 To: Oct. 1999

	Duties/Projects	Begin Date	End Date
1	Assigned to District 4 Toll Bridge Program as Construction Engineer and Senior Resident Engineer in charge of multiple seismic retrofit projects on the 7-mile long San Mateo-Hayward Bridge (\$140M). This was the first major toll bridge retrofit project in the SF Bay Area utilizing unique heavy marine construction means and methods. Worked closely and successfully with regulatory agencies on implementation of the various environmental permits on these projects. Planned and managed the work of up to 25 engineers and technical staff. Negotiated and settled major multi-million dollars contract change orders and claims.	November 1997	October 1999
2	Area Senior Bridge/Construction Engineer in charge of numerous concurrent projects in District 4 (Santa Clara, Santa Cruz, San Mateo and San Francisco Counties). Served as an Oversight Engineer on federally and locally funded projects. Reviewed, analyzed, led negotiations and resolved numerous contract change orders, disputes and claims. Planned and supervised the work of up to 30 engineers and technical staff. Served on a special 6-month assignment at OSC HQ to lead the Structural Steel Welding Committee that conducted a statewide research and investigation on the existing structural steel welding quality control issues and developed the Caltrans Welding Quality Control Standards.	March 1995	November 1997
3	Area Senior Bridge Engineer in charge of multiple construction projects (\$80M) along the new SR 85 corridor and District Senior Resident Engineer in charge of SR85/17 Interchange Project (\$57M). Worked closely and successfully with the Santa Clara County Traffic Authority and delivered multiple construction projects ahead of schedule and in time for the pre-scheduled grand opening of the new SR 85 corridor.	November 1991	March 1995
