Job Title Senior Engineer

Employer Name Metropolitan Transit Development Board/San Diego Association of Governments

From: May 2001 To: Jun. 2011

	Duties/Projects	Begin Date	End Date
1	As a Project Manager and team leader, I oversaw and monitored the efforts of a diverse team of SANDAG Staff, Design Consultants (Civil, Structural, Landscape) Environmental Planners, Right of Way Consultants, Legal Consultants, Geotechnical Consultants, Traffic Engineering Consultants, and Construction Management Consultants. As a Project Manager, I was accountable and responsible for successfully planning, executing, monitoring, controlling, and reporting progress on the completion of assigned projects.		
2	As a Sr. Resident Engineer, I was responsible for leading a team of construction management consultants in the administration of various construction contracts.

Job Title Senior Transportation Engineer

Employer Name Caltrans District 11

From: Mar. 1985 To: May 2001

	Duties/Projects	Begin Date	End Date
1	As a Single Hat Project Manager I responsible for orchestrating the deliverables of the various functional units within the Department over the entire project life-cycle, from inception to construction contract closeout. I developed comprehensive project budgets and schedules and measured performance against key indicators. I evaluated work products from the various functional units for compliance against various Department standards.	Jul. 1997	May 2001
2	As a Senior Resident Engineer I was responsible for administering the largest construction contract in the District. I lead a team of 20 staff members consisting of Engineers, Field Inspectors, Materials Testers, and an Office Technician. Had full responsibility for: reviewing and approving contractor work schedules; reviewing traffic handling plans; resolving contractor questions with respect to the plans and specifications; issuing contract change orders; managing the construction budget; and personnel development.	Apr. 1996	Jul. 1997
3	As a Senior Construction Engineer, I was responsible for the oversight of a portion of the District's construction program. Had full responsibility for resource management; coordinating with other functional units on plans, specifications, and construction methods; conferring with design engineers on design issues and with traffic engineers on traffic issues; periodically observing project to ensure material and completed work generally complied with the plans, specifications, and design concepts; periodically reviewing records for correctness and adequacy of funds; assuring that all safety related activities were being performed; directly supervising a staff of up to 20 individuals; preparing claim reports; tracking capical support costs; and personnel development.	Mar. 1994	Apr. 1996
