NOTES:
1. ALL PULL BOXES MUST BE No. 4 UNLESS OTHERWISE SHOWN.
2. FOR ACCURATE RIGHT OF WAY DATA, CONTACT RIGHT OF WAY ENGINEERING
   AT THE DISTRICT OFFICE.

This is one of four examples depicting a proposed CCTV system in the same
location with varying existing conditions.

In this scenario, there are existing lighting and sign illumination systems with
circuit television on one of the sections and pull boxes with proposed

The narrative of Section 2-2.23 specifically prohibits creation of a non-
standard bid item in the current bid list that lists partial support of

In this case, the value of the service modification must be a small fraction of
the value of the new system and must be incidental to construction of the new

In this scenario, there are existing lighting and sign illumination systems with
