GENERAL:

Both the named level and numbered level information are shown on this sheet. There is no direct one to one conversion for all cases between named levels and numbered levels. Numbered level information is shown in parenthesis after the named level, e.g., LV=border_PROJ-ID-BLOCK-anno (10).

NOTES:

1. The signature of the appropriate Licensed Landscape Architect is in responsible charge for developing the content of the plan sheet as to comply with each individual plan sheet. The border shown here is border cell "LAND" found in the latest Caltrans Cell Library (CTCELLIB_NamedLevels.cel). A second signature of the same Licensed Landscape Architect is to be inside the seal, tightened to Ft=3, Tx=6, WT=1 for the plan approval information about title sheet sealed by a Landscape Architect, see Title Sheet Example A-1.

2. Text Inside the Seal:
   
   Use FT=3, TH=5, TW=5, LV=border_SEAL (10) and WT=1 for date of renewal and license number that is arched above the signature within the seal.
   
   The date of the Landscape Architect’s signature is never to be later than the plans approval date. This verifies Quality Assurance (QA) of the project. The same person cannot be entered for each individual plan sheet. This verifies quality control (QC) of the project. QA applies to all district level plan sheets.
   
   The person signing and sealing each individual plan sheet must be a Licensed Landscape Architect who is in responsible charge for developing the content of the plan sheet. This verifies Quality Assurance (QA) of the project. The person signing and sealing each individual plan sheet may or may not be the same named level individual plan sheet.
   
   Mandatory printed name, first and last, license number, and district drafting staff to clear project constraints through the Construction Contract Development Process.
   
   Mandatory printed name, first and last, license number that is arched above the signature within the seal.

3. Text Above the Seal:
   
   Use FT=3, TH=5, TW=5, LV=border_PROJ-ID-BLOCK-anno (10) and WT=1 for date of renewal and license number that is arched above the signature within the seal.

4. Text Outside the Seal:
   
   Use FT=3, TH=5, TW=5, LV=border_PROJ-ID-BLOCK (10), CO=0.

5. Cross Reference:
   
   Use FT=3, TH=5, TW=5, LV=border_PROJ-ID-BLOCK (10), CO=0, Upper Case.

For Licensed Landscape Architects - FT=3, TH=5, TW=5, LV=border_PROJ-ID-BLOCK (10), CO=0, Upper Case.

NOTE: The consultant or local agency prepares the universal plan sheet. This area is to be left blank.
