This example depicts a median with OG and no barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 2 or 3a
This example shows the inside ES located at the barrier.

Example 3
This example shows the inside ES located at the barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 3 or 3a
This example shows the inside ES located at the barrier.

Example 2
This example shows the inside ES located at the barrier.

Example 3
This example shows the inside ES located at the barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 2 or 3a
This example shows the inside ES located at the barrier.

Example 3
This example shows the inside ES located at the barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 2 or 3a
This example shows the inside ES located at the barrier.

Example 3
This example shows the inside ES located at the barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 2 or 3a
This example shows the inside ES located at the barrier.

Example 3
This example shows the inside ES located at the barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 2 or 3a
This example shows the inside ES located at the barrier.

Example 3
This example shows the inside ES located at the barrier.

Example 3a
This example depicts a median with OG and a barrier.

Example 2 or 3a
This example shows the inside ES located at the barrier.
