

AUTHORIZED MATERIAL LIST FOR PRODUCERS AND PLANTS OF LIME USED IN SOIL STABILIZATION OR AGGREGATE LIME TREATMENT IN HMA

General: Products on this Authorized Material List (AML) have been evaluated and found acceptable for use on California Department of Transportation (Caltrans) projects, provided the products are used in accordance with the manufacturer’s instructions. Products on this list are subject to additional Job Control testing during construction or installation.

The following producer(s) and plants of lime have been authorized by the Transportation Laboratory for use when specifications allow or require the use of lime for soil stabilization or aggregate lime treatment in HMA. Refer to section 24-2 and Section 39-2 of the 2015 Standard Specifications and to the Project's Special Provisions for further requirements.

Manufacturer	Plant Location	Product Description	Reauthorization Date
Lhoist North America	Apex Plant 12101 N. Las Vegas Blvd. Las Vegas, NV 89165	Quicklime Hydrated Lime	08/2023
Lhoist North America	Nelson Plant Mile marker 112 HWY 66 Peach Springs, AZ 86434	Quicklime Hydrated Lime	08/2023
Lhoist North America	Natividad Plant 11771 Old Stage Rd. Salinas, CA 93908	Quicklime – DQM Quicklime – SS Lime	08/2023
Lhoist North America	Stockton Terminal 4303 S. Mckinley Ave. Stockton, CA 95206	Hydrated Lime	12/2023
Lhoist North America	City of Industry 14931 Salt Lake Ave. City of Industry, CA 91744	Hydrated Lime	12/2023
Lhoist North America	Riverside Terminal 5877 Griffith St. Riverside, CA 92504	Hydrated Lime	12/2023
