Materials lists and working drawings for electrical and mechanical equipment, as required by Section 74-1.04 of the Standard Specifications, shall be checked and approved by the Mechanical and Electrical Section.

Normal procedure is for the Contractor (subcontractor or fabricator) to submit all working drawings directly to the Office of Structure Design, Document Unit, P. O. Box 942874, Sacramento 94274-0001. The Structure Representative is not to accept submittals.

Near the beginning of contracts that have pumping plant electrical and/or mechanical work involved, a representative of the Mechanical and Electrical Section will consult with the Structure Representative and give any necessary instructions at that time.
