

LIST OF TABLES

Table Number	Table Description	Page
Table 1-1	Soil Particle Size Definitions	1-7
Table 1-2	Equipment for Subsurface Drilling Operations	1-9
Table 2-1	Features Affecting Foundation Type Selection	2-2
Table 3-1	Documents to be Reviewed	3-2
Table 3-2	Specifications to be Reviewed at the Preconstruction Conference	3-4
Table 3-3	Items to Consider for Letter to Contractor prior to Construction of Foundations	3-6
Table 4-1	Standard Specifications Sections for Footing Foundations	4-12
Table 5-1	Driven Pile Types	5-4
Table 6-1	Cave-in Actions	6-11
Table 6-2	Groundwater Actions	6-12
Table 6-3	Pile Installation Plan Requirements	6-13
Table 6-4	Pile Defects – Drilling Problems	6-16
Table 6-5	Pile Defects – Concrete Placement Problems	6-18
Table 6-6	Pile Defects – Casing Removal Problems	6-20
Table 7-1	Pile Driving Terms and Definitions	7-3
Table 7-2	Drop Hammer Actions	7-12
Table 7-3	Single Acting Steam/Air Hammer Actions	7-14
Table 7-4	Double Acting Steam Hammer Actions	7-15
Table 7-5	Differential Acting Steam/Air Hammer Actions	7-17
Table 7-6	Single Acting Diesel Hammer Actions	7-18
Table 7-7	Double Acting Diesel Hammer Actions	7-21
Table 7-8	Vibratory Hammer Actions	7-22
Table 7-9	Hydraulic Hammer Manufacturer Claims	7-24
Table 7-10	Advance Preparation Tasks Prior to Driving Piles	7-30
Table 7-11	Field Preparation Tasks Prior to Driving Piles	7-31
Table 7-12	Field Preparation Tasks When Pile Driving Starts	7-31
Table 7-13	Field Tasks After Completion of Pile Driving	7-32
Table 7-14	Precast Concrete Piles Checklist	7-33
Table 7-15	Steel Piles Checklist	7-34
Table 7-16	Ground Conditions and Expected Re-Drive Outcomes	7-40
Table 7-17	Safety Items	7-41
Table 9-1	Additional Pile Installation Plan Requirements	9-35

Table Number	Table Description	Page
Table 9-2	Pile Mitigation Plan – Responsibilities of the Engineer	9-49
Table 9-3	Pile Mitigation Plan – Responsibilities of the Contractor	9-50
Table 9-4	Pile Mitigation Plan – Responsibilities of the DES Pile Mitigation Plan Review Committee	9-52
Table 10-1	Pier Column Potential Problems	10-3
Table 11-1	Sub Horizontal Ground Anchor Components	11-1
Table 11-2	Sub Horizontal Ground Anchor Construction Sequence	11-3
Table 11-3	Vertical Ground Anchor Construction Sequence	11-6
Table 11-4	Acceptance Criteria – Performance Tests	11-7
Table 11-5	Acceptance Criteria – Proof Tests	11-7
Table 11-6	Ground Anchor General Construction Tasks	11-7
Table 11-7	Soil Nail Applications	11-8
Table 11-8	Soil Nail Construction Sequence	11-11
Table 12-1	Seal Course Tremie Concrete Placement	12-6
Table C-1	Approximate Values for N, ϕ and Unit Weight for GRANULAR SOILS	C-2
Table C-2	Approximate Values for N, q_u and Unit Weight for COHESIVE SOILS	C-3
Table E-1	Results of Pile Driving Formula Comparison	E-12
