23 USC 326 Categorical Exclusions and Programmatic
Categorical Exclusions
12-month Report to FHWA

January 1, 2022 – December 31, 2022
Summary

This report has been prepared pursuant to the Caltrans/FHWA Memorandum of Understanding (MOU) regarding State assumption of responsibilities under Section 326 of amended Chapter 3 of title 23, United States Code (23 U.S.C. 326). MOU Section IV, State Performance Requirement E.1 of the April 2022 MOU, requires Caltrans to provide a list of Categorical Exclusion (CE) determinations that it approves annually.

Additionally, this report includes actions approved pursuant to the Programmatic CE (PCE) for Non-Highway Projects between Caltrans and FHWA (effective May 24, 2021 – April 17, 2022). Caltrans is reporting these approvals per section V.2 of the PCE.

During the January 1, 2022 – December 31, 2022 period (Quarter 59 through Quarter 62), Caltrans is reporting the following approvals:

- 618 23 USC 326 Categorical Exclusions (300 State Highway System Projects¹ and 318 Local Assistance Projects)
- 18 Section 4(f) approvals (6 State Highway System Projects and 12 Local Assistance Projects)
- 34 Programmatic CEs

Newly identified approvals from previous annual reporting periods and corrections to prior reports submitted are also reflected.

¹ Recent updates to Caltrans NEPA Assignment reporting protocols resulted in an increase in the volume of CEs for State Highway System projects. Environmental database queries were adjusted to remove an outdated criteria that previously excluded projects in error.
