### Purpose and Need Statement

**Project Description/Reason for Revision**

(Project description should explain in detail boxes that are checked below)

**Preliminary Design Information**

Does the project involve any of the following? Please check the appropriate boxes and delineate on attached ESL map, plan or layout including any additional pertinent information:

- New alignment
- Road realignment
- Road widening
- Bridge work
- Road cut/fill
- Detours
- Grinding
- New access roads
- Disposal/borrow site(s)
- Equipment staging area
- Drainage/culverts
- 100 yr. floodplain
- Est. clear recovery zone
- Railroad
- Ramp closure
- R/W acquisition
- Temporary easements
- Utility relocation
- Ground disturbance
- Vegetation removal
- Removal of trees
- Trenching-max depth
- Retaining/Sound walls
- Pile driving
- Seasonal constr. window
- Night work
- Blasting
- Stream channel work
- Other:

**Describe Additional Right of Way Required:**

No. of Parcels Impacted: ____________________

Rights of Entry requested by: ____________________

Date of request: ____________________

**Work on Public Lands**

- USFS
- State Park
- National Park
- Unknown
- Other
- BLM

**Technical Studies Requested**

- Flood Plain Encroachment Evaluation
- Traffic
- Geologic/Geotechnical
- Hazardous Waste
- Landscape Architecture/Planting
- Erosion Control
- NPDES
- Structures APS
- District/Structures Hydraulic Study

Additional Information

(i.e. If the project scope has changed since the PSR/PSSR, please explain.)

Date of PDT Kick off Meeting | Date of Field Review | Date of Env/Design Scoping Meeting:
                             |                    | (PE to schedule meeting)

The following information is to be jointly completed by the Project Engineer and the Senior Environmental Planner:

ESR submittal includes (Describe in general terms what has been submitted):

Environmental Studies will produce (Describe in general terms what the Environmental Office will produce with this submittal information):

The following additional information is necessary to complete PA&ED (Describe what information is still needed, if any, to complete environmental studies, on schedule):

Estimated submittal date:

Environmental Study Request Agreement

We have discussed the project described above and agree upon the information provided. Subsequent information may be provided, as it becomes available. Each submittal will have a new ESR form attached. We agree that the Project Approval and Environmental Document (PA&ED) phase must be a flexible, collaborative effort involving Design, Environmental and the entire Project Development Team and that we will work together to achieve the scope and schedule established for this project.

Project Engineer: ____________________ Date: __________
Senior Environmental Planner: ________________ Date: __________

1 Please note that the “Begin Environmental Studies” date for the project is the date that this form is signed by the Senior Environmental Planner and this is the date that should be entered into any environmental tracking databases for the BES date.
