February 16, 2017

Ms. Diane F. Boyer-Vine  
Legislative Counsel  
State Capitol, Room 3021  
Sacramento, CA 95814

Mr. Daniel Alvarez  
Secretary of the Senate  
State Capitol, Room 3044  
Sacramento, CA 95814

Mr. E. Dotson Wilson  
Chief Clerk of the Assembly  
State Capitol, Room 3196  
Sacramento, CA 95814

Dear Ms. Boyer-Vine, Mr. Alvarez, and Mr. Wilson:

The California Government Code Section 16724.4, requires the lead California State agency administering any State bond measure approved after January 1, 2004, to provide an annual report to the California State Legislature with a list of projects funded from bond proceeds. The list is to identify the geographic location, the amount of funds allocated, and the status of each project. The California Department of Transportation (Caltrans) is the administering agency for the Proposition 1B Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). The PTMISEA includes \$4 billion with \$400 million allocated to Caltrans for Intercity Rail, and \$3.6 billion to be allocated to regional agencies and transit operators for transit systems. A total of approximately \$3.9 billion has been allocated to projects that have been completed or are currently underway.

Distribution to the Legislature has been made by Caltrans pursuant to Government Code section 9795. For your future reference, this report can be found at [www.dot.ca.gov/reports-legislature.htm](http://www.dot.ca.gov/reports-legislature.htm).

Sincerely,

A handwritten signature in black ink, appearing to read "Malcolm Dougherty".

MALCOLM DOUGHERTY  
Director

*Serious drought  
Help save water!*

February 16, 2017

Mr. Michael Cohen, Director  
California Department of Finance  
State Capitol, Room 1145  
Sacramento, CA 95814

Dear Mr. Cohen:

California Government Code section 16724.4 requires the lead California State agency administering any State bond measure approved after January 1, 2004, to provide an annual report to the California State Legislature with a list of projects funded from bond proceeds. The list is to identify the geographic location, the amount of funds allocated, and the status of each project.

The California Department of Transportation (Caltrans) is the administering agency for the Proposition 1B Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). The PTMISEA is a \$4 billion program, which includes \$400 million allocated to the Caltrans for intercity rail and \$3.6 billion to be allocated to regional agencies and transit operators for transit systems. A total of approximately \$3.9 billion has been allocated to projects that have been completed or are currently underway.

Distribution to the Legislature has been made by Caltrans pursuant to Government Code section 9795. For your future reference, this report can be found at [www.dot.ca.gov/reports-legislature.htm](http://www.dot.ca.gov/reports-legislature.htm).

Sincerely,

A handwritten signature in black ink, appearing to read "Malcolm Dougherty".

MALCOLM DOUGHERTY  
Director

Program Status/Program Accomplishments.....	4
Conclusion .....	11
Appendix A. Statutory Reporting Reference.....	12

## **Executive Summary**

The Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) Program was created by the passage of Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion available to transportation, \$4 billion was allocated for the PTMISEA Program to the California Department of Transportation (Caltrans) for intercity rail projects and for commuter or urban rail operators, bus operators, waterborne transit operators, or other transit operators in California. The PTMISEA Program was designed to help advance the State's policy goals of providing mobility choices for all residents, reducing congestion, and protecting the environment. The \$4 billion PTMISEA Program is split into two sub programs: \$400 million to the Intercity Rail Program and \$3.6 billion to the Mass Transportation Program.

Proposition 1B of 2006 included legislative intent language that the overall \$19.9 billion program would fund mobility, safety, and air quality improvements over the course of a decade – through 2018. For the PTMISEA, approximately \$3.9 billion has been allocated to projects, with about \$120 million remaining unallocated.

Since the program is nearing its intended conclusion, the department will review the remaining unallocated funds, and work with local transit agencies and intercity rail joint power agencies to identify substitute projects where projects have been delayed, and are not expected to be ready to receive an allocation in 2017. Where substitute projects are identified, the project sponsor may still seek federal or state funds in the future for the original project, either from ongoing programs such as the State Transportation Improvement Program and Federal Transit Administration allocations, or from new programs, such as the State's competitive Transit and Intercity Rail Capital Program, which is funded from proceeds from the Cap and Trade Program.

General obligation bond law requires the administrative agency to submit a report on the status of the program to the California State Legislature no later than January 1 each year. This requirement is found in California Government Code section 16724.4.

## **Background**

### **Statutory Reference & Purpose**

- California Statute: Government Code Section 16724.4

### **Program Background**

The Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) Program was created by the passage of Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion available to transportation, \$4 billion was allocated for the PTMISEA Program to the California Department of Transportation (Caltrans) for intercity rail projects and for commuter or urban rail operators, bus operators, waterborne transit operators, or other transit operators in California. The PTMISEA Program was designed to help advance the State's policy goals of providing mobility choices for all residents, reducing congestion, and protecting the environment. The \$4 billion PTMISEA Program is split into two sub programs: \$400 million to the Intercity Rail Program and \$3.6 billion to the Mass Transportation Program.

Proposition 1B of 2006 included legislative intent language that the overall \$19.9 billion program would fund mobility, safety, and air quality improvements over the course of a decade—through 2018. For the PTMISEA, approximately \$3.9 billion has been allocated to projects with about \$120 million remaining unallocated.

General obligation bond law requires the administrative agency to submit a report to the California State Legislature no later than January 1 each year. This requirement is found in California Government Code section 16724.4. In addition, this section states that the report shall contain:

- A list of all projects and their geographical location that have been funded or are required or authorized to receive funds
- The amount of funds allocated on each project
- The status of any project required or authorized to be funded

The required information for each project is listed below and in Attachment 2. Additional information can be found on the Proposition 1B Bond Accountability website from the Intercity Rail Improvement and the PTMISEA links at this address:

<https://bondaccountability-new.dot.ca.gov/>

## Program Status/Program Accomplishments

### Intercity Rail Improvement Program Proposition 1B Bond Fund

The Intercity Rail Improvement Program (IRI) is a \$400 million element of the \$4 billion PTMISEA Program. At the December 2007 meeting, the California Transportation Commission (Commission) approved the guidelines for IRI projects in the PTMISEA, and at its February 2008 meeting, the Commission approved the list of IRI projects to be funded. The IRI was last amended in May 2016. Specific to the IRI Program, a minimum of \$125 million from the \$400 million is designated for procurement of additional intercity passenger railcars and locomotives.

Updated through fiscal year 2015–16, the IRI includes nineteen projects. 8 projects are fully completed, 8 projects are fully or partially allocated but not yet complete, and 3 projects remain unallocated. Approximately 84 percent of the total bond funding for the IRI is allocated with 2 percent (\$8M) set aside for administration costs.

#### **Fiscal Year End Project Status for 2015–16:**

- 1. Procurement of Locomotives, Railcars, and the On-board Information System (OBIS):** Provides the State with new equipment for increased reliability, service and ridership expansion. OBIS provides rail passengers with real time train status information. To date, \$150M has been allocated to three sub-projects: \$42M was allocated in December 2011 for a base order railcar and locomotive purchase and the bond funds provide a match for federal grants; \$103M for additional option order locomotives and \$5M for OBIS was allocated in December 2014. With the allocations, the initial \$42M federal match will provide the State with 42 new railcars, 6 locomotives and the project is 12 percent complete. The Option Locomotives portion of the project is 8 percent complete. The OBIS portion is 36 percent complete. The first six locomotives will be delivered between December 2016 and February 2017. The \$103M allocation has allowed Caltrans to execute an option order for 14 additional locomotives which will be deployed into Southern California to replace existing Amtrak owned equipment, and will provide the State with cleaner Tier IV locomotives.
- 1. San Onofre to Pulgas Double Track Project - Phase 1 and Phase 2:** The project provides a double track main line for improved reliability and on time system performance through operational flexibility and reduced wait time for trains on the Los Angeles – San Diego – San Luis Obispo (LOSSAN) Rail Corridor. Phase 1 of the project is for the design and environmental work for phases (segments) 1 and 2 of the project, and construction of phase (segment) 1. Phase 2 of the project is for the design and engineering for phase (segment) 2. This project utilized both Public Transportation Account (PTA) funds for design, as well as \$30M of IRI funds for construction of Phase 1. The Phase 1

design and environmental work is complete, and construction for is 98 percent complete. The Phase 2 design and engineering work is complete.

2. **Northern California Maintenance Facility (NCMF):** \$19.151M was programmed for this project. The \$900,000 in Right of Way Funds was deprogrammed and reprogrammed to the new Wayside Power and Storage project. The \$18.251M in construction funds remains unallocated. The project will construct a layover facility and improvements, along with expansion and upgrades to the Oakland Maintenance Facility. The construction and improvements to layover facilities will enable the State to perform daily service and cleaning, re-stocking of consumable supplies, scheduled preventive maintenance, emergency repairs, and provide stand-by power for the new equipment. These improvements are needed to accommodate new rail equipment and are needed for future service expansion on the Northern California Corridors.
3. **Oakley to Port Chicago Segment 3:** \$25.45M was allocated for construction activities which are 78 percent complete. This is one of five projects necessary to implement service expansion on the San Joaquin corridor. This segment independently mitigates passenger and freight interference and improves operational reliability for better on time performance of the rail services.
4. **Raymer to Bernson Double Track:** Raymer to Bernson closes a single track rail gap to provide new double track through Van Nuys for the benefit of improved operational reliability and system performance with improved running times. \$6.5M was allocated for the design phase, which is 99 percent complete. \$2.68M was added to the \$10.3M programmed for construction and will be used along with State Transportation Improvement Program (STIP) funds of \$60.8M to complete this project.
5. **Van Nuys North Platform:** Van Nuys North Platform allows loading of passengers from both rail tracks. The platform will enhance ADA access, safety and efficiency of passenger loading and provide station access for trains from the two mainline tracks. The Design phase is complete. The \$30.5M in construction funds were allocated in January 2016.
6. **Capitol Corridor Track, Bridge and Signal Upgrade:** \$1.3M was allocated and is 65 percent complete. This project includes track, bridge, and signal upgrades along the Capitol Corridor Route from San Jose to Auburn for improved system reliability and system upkeep.
7. **Ventura County Sealed Corridor Grade Crossing Improvement Project:** \$218,000 in Proposition 1B funds were allocated for construction, which is 99 percent complete. These funds along with \$7,200,000 in PTA funds provide enhanced grade crossing vehicle safety improvements at various street crossing locations in Ventura County.

### **New Projects Added in FY 2015-16:**

8. **Wayside Power and Storage:** This project will install wayside power at the Auburn station and layover site. The wayside power system is needed to allow shutdown of the locomotive engines during overnight layover, saving fuel and reducing emissions. \$900,000 in IRI funds were reprogrammed from the Northern California Maintenance Facility to this project for construction. The \$900,000 was allocated in May 2016.
9. **Seacliff Siding:** Siding project on the Union Pacific Railroad (UPRR) Santa Barbara Subdivision in Ventura County to extend the existing siding to allow freight trains to wait for passenger trains to pass. This project improves operational reliability, increased capacity, and decreased train delays. \$21.526M was reprogrammed from the Coast Daylight Track and Signal project to this project; \$1M for environmental documentation and \$20.526M for construction.
10. **Capitalized Maintenance:** System wide annualized maintenance on the three state-supported intercity passenger rail corridors (Capitol Corridor, Pacific Surfliner, and San Joaquin). Maintenance extends track, signal and bridge useful life, reduces downtime due to component failure, increases operating efficiency and schedule reliability. The un-programmed IRI balance of \$1.567M was programmed to this new project. As additional IRI savings are realized, Caltrans plans to program the savings to the Capitalized Maintenance project, up to the eight million dollar level.

### **Project(s) Deleted in FY 2015-16:**

**Coast Daylight Track and Signal:** This project was programmed for \$25M. The project was deleted from the IRI and the funds were reprogrammed to the Raymer to Bernson Double Track, and the newly added Seacliff Siding project and Capitalized Maintenance project.

### **Completed/Closed Projects in Prior Fiscal Years:**

11. **Commerce/Fullerton Triple Track Segment 6:** Constructed three miles of new 3rd main track and installed signals and switches necessary for expanded services that will be achieved with the completion of the BNSF triple track projects. This is one of eight segments of triple track on BNSF Railway's main line that when complete will provide increased schedule reliability and accommodate future increased passenger and freight demand on the corridor. \$31.9M was allocated for construction which was completed May 2013.
12. **Kings Park Track and Signal:** \$3.5M was allocated to construct high-priority track, signal, and crossing improvements on the San Joaquin Corridor in Kings

County. This project is an element of various improvements needed for increased service frequencies on the San Joaquin Corridor. The project was completed in October 2012

13. **Emeryville Station and Track Improvements:** \$6.1 M allocated for station improvements that include extended the station siding track, upgraded signals, installed higher-speed switches and made roadway undercrossing improvement, and general track improvements. The project improved speed and reliability for trains in and out of the station, thereby reducing dwell time and improving overall on- time performance. The project was completed in July 2012.
14. **Bahia-Benicia Crossover and Track Improvement Project:** \$3.4M was used to construct a crossover between the two mainline tracks along with replacement of track and signal elements. The project improves ride quality, reduces slow orders, and improves operational flexibility for improved dispatch of the passenger trains. These improvements were completed in March 2014.
15. **Southern California Regional Rail Authority (SCRRA) Sealed Corridor:** This project utilized \$2.7M for safety improvements to various highway-rail grade crossings along the LOSSAN Corridor in Southern California. The work was to enhance safety, including resurfacing and installing crossing panels, as well as installation of Ethernet cabling, fiber cabling, or microwave communications to complement the installation of positive train control elements to the corridor. This project was completed in March 2014.
16. **Wireless Network for Northern California Intercity Passenger Rail (IPR) Fleet:** The project has been completed and expended \$2.9M, resulting in a savings of \$823,000. This project installed hardware, wiring, and the equipment components necessary to enable the equipment fleet to be Wi-Fi enabled for the benefit of the customer's travel experience. This project was completed in June 2015.
17. **Santa Margarita Bridge and Double Track:** The project is complete and utilized \$15,7M for the construction of a double track bridge in Northern San Diego County. The new bridge replaced a 100 year old structure and provides improved safety and system reliability to the LOSSAN corridor. This project was closed out in July 2016.
18. **New Station Tracks at Los Angeles Union Station:** \$20.1M was expended for the construction of new passenger platforms for the loading and unloading of passengers at dedicated intercity passenger platforms at Union Station. This project was completed in December 2015.

The following table identifies the bond amount programmed, bond funding allocated, funding phase, and percentage of completion for the open projects.

### OPEN PROJECTS

Project No.	Rail Corridor/ Service	Project Name	Bond Amount Programmed	Bond Funding Allocated	Funding Phase*	Project Status % Complete**
1	Capitol Corridor, Pacific Surfliner, San Joaquin	1.1 Procurement of Locomotives and Railcars	\$150,000,000	\$42,000,000	CON	12%***
		1.2 Option Locomotives		\$103,000,000	CON	8%
		1.3 Install On-board Information System		\$5,000,000	CON	36%
2	Pacific Surfliner	2.1 San Onofre to Pulgas Double Track Project – Phase 1	\$3,146,000	\$3,146,000	PA&ED for Phase 1 and 2	100%
		2.2 San Onofre to Pulgas Double Track Project – Phase 1	\$25,754,000	\$25,754,000	CON for Phase 1	98%
		2.3 San Onofre to Pulgas Double Track Project – Phase 2	\$1,100,000	\$1,100,000	PS&E for Phase 2	100%
3	Capitol Corridor, San Joaquin	Northern California Maintenance Facility	\$18,251,000	(unallocated)	CON	-
4	San Joaquin	Oakley to Port Chicago	\$25,450,000	\$25,450,000	CON	78%
5	Pacific Surfliner, Los Angeles County Metropolitan Transportation Authority	Raymer to Bernson Double Track	\$6,500,000	\$6,500,000	PS&E	99%
			\$12,980,000	(unallocated)	CON	-
6	Pacific Surfliner, Metrolink	Van Nuys North Platform	\$4,000,000	\$4,000,000	PS&E	100%
			\$30,500,000	\$30,500,000	CON	0%

## **Mass Transportation Program Proposition 1B PTMISEA Bond Fund**

The Mass Transportation PTMISEA Program provides \$3.6 billion to be allocated to transit operators over a ten-year period. Guidelines for the Mass Transportation PTMISEA Program were developed through a cooperative effort with stakeholders. Eligible transit projects include:

- Rehabilitation, safety, or modernization improvements
- Capital service enhancements or expansions
- New capital projects
- Bus rapid transit improvement
- Rolling stock procurement, rehabilitation, or replacement

To date, the PTMISEA Program has allocated \$3.5 billion to more than 1,200 projects. Attachment 2 is a list of all local transit projects that have received an allocation of funds. This list includes the project location, the amount allocated, and the status of the project reported as the percentage complete.

## **Conclusion**

The combined IRI and PTMISEA programs have allocated a total of approximately \$3.9 billion out of the \$4 billion allotted to projects that have been completed or are currently underway. Since the program is nearing its intended conclusion, Caltrans will review the remaining unallocated funds and work with local transit agencies and intercity rail joint power agencies to identify substitute projects where projects have been delayed and are not expected to be ready to receive an allocation in 2017. Where substitute projects are identified, the project sponsor may still seek federal or State funds in the future for the original project, either from ongoing programs such as the State Transportation Improvement Program and Federal Transit Administration allocations, or from new programs, such as the State's competitive Transit and Intercity Rail Capital Program, which is funded from proceeds from the Cap and Trade Program.

Any state bond measure approved by the voters on or after January 1, 2004, shall be subject to an annual reporting process, as follows:

(a) The head of the lead state agency administering the bond proceeds shall report to the Legislature and the Department of Finance no later than January 1, 2005, or the January 1 of the second year following the enactment of the bond measure, whichever is later, and at least once a year thereafter. The annual report shall contain all of the following:

- (1) A list of all projects and their geographical location that have been funded or are required or authorized to receive funds.
- (2) The amount of funds allocated on each project.
- (3) The status of any project required or authorized to be funded.

(b) Costs of the report may be included in the cost of administering the bond measure unless the measure specifically prohibits those expenses.

*(Added by Stats. 2003, Ch. 770, Sec. 1. Effective January 1, 2004.)*
