Ms. Diane Boyer-Vine  
Legislative Counsel  
State Capitol, Room 3021  
Sacramento, CA 95814

Mr. Gregory Schmidt  
Secretary of the Senate  
State Capitol, Room 3044  
Sacramento, CA 95814

Mr. E. Dotson Wilson  
Chief Clerk of the Assembly  
State Capitol, Room 3196  
Sacramento, CA 95814

Dear Ms. Boyer-Vine and Messrs. Schmidt and Wilson:

California's Government Code Section 16724.4 requires the lead State agency administering any State bond measure approved after January 1, 2004, to provide an annual report to the Legislature with a list of projects funded from bond proceeds. The list is to identify the geographic location, the amount of funds allocated, and the status of each project. The California Department of Transportation (Department) is the administering agency for the Proposition 1B Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). The PTMISEA includes \$4 billion with \$400 million allocated to the Department for Intercity Rail and \$3.6 billion to be allocated to regional agencies and transit operators for transit systems.

The full \$400 million (less administrative costs) from the PTMISEA has been committed to Intercity Rail projects that will commence construction or procurement activities between August 2008 and December 2011. A total of approximately \$530.2 million has been allocated to regional agencies and transit operators that are currently underway. The attachment provides a listing of the projects receiving this funding.

Distribution to the Legislature has been made by the Department pursuant to Government Code Section 9795. This report can be found at <http://www.dot.ca.gov/reports-legislature.htm>.

Sincerely,

A handwritten signature in blue ink that reads "Will Kempton".

WILL KEMPTON  
Director
