TOTAL	635,085,630	63,719	761,376,264	19,753,158

Footnotes:

Balances in the 3rd year (October 1, 2020) are subject to reprogramming on November 1, 2021. These balances include the Federal Fiscal Year (FFY) 2019 "Actual" apportionments (dated October 18, 2019), FFY 2020 "Actual" apportionments (dated October 20, 2020), and FFY 2021 "Estimated" apportionments (dated 10/29/2020).

¹ Indicates all apportionments not yet obligated.

² Totals reflect balances in the third year.

³ These Regions are in air quality attainment and cannot use unobligated CMAQ apportionments, which are deobligations of closed out projects. It is anticipated that any CMAQ balance that accumulates in a Region in air quality attainment will be included in a future CMAQ rescission or transferred to another Region that over-delivered prior to the end of the current FFY.
