## **Footnotes:**

Balances in the 3rd year (October 1, 2024) are subject to reprogramming on November 1, 2025. These balances include the FFY 2023 "Actual" Apportionments (dated November 3, 2023), the FFY 2024 "Actuals" dated (January 9, 2025), and the FFY 2025 "Estimated" Apportionments (dated January 9, 2025).

<sup>&</sup>lt;sup>1</sup> Indicates all apportionments not yet obligated.

<sup>&</sup>lt;sup>2</sup> Totals reflect balances in the 3rd year.

<sup>&</sup>lt;sup>3</sup> These Regions are in air quality attainment and cannot use unobligated CMAQ apportionments, which are deobligations of closed out projects. It is anticipated that any CMAQ balance that accumulates in a Region in air quality attainment will be included in a future CMAQ rescission or transferred to another Region that over-delivered prior to the end of the current FFY.
