Mr. Doug Hecox  
Acting Division Administrator  
Federal Highway Administration, California Division  
650 Capitol Mall, Suite 4-100  
Sacramento, CA 95814

Dear Mr. Hecox:

Under the provisions of Section 125, Title 23 of the United States Code, this is a Letter of Intent by the California Department of Transportation to request Emergency Relief (ER) funds to assist in the cost of repairing damages on Federal-aid highways in California caused by winter storm events.

Beginning on March 30, 2025, powerful winter storms over several days brought high winds and substantial precipitation impacting Trinity County, causing damage to, and forcing closure of, roads in the county.

Damage to local facilities on federal-aid roads (classified as minor urban collectors or higher) is currently estimated at \$9.05 million and may increase. No damages have been reported or claimed on the State highway system. Further details will be included in the upcoming ER Application for Disaster CA25-6 – Late-March 2025 Winter Storms.

Under separate cover, the Office of Federal Resources will be submitting the ER Application, along with the Governor's Proclamation(s) and Damage Survey Summary Report, to provide the Division Administrator with a basis to make a finding that the disaster is eligible for ER funding.
