

PMPC Preservation Subtask Group Meeting Minutes

Date: November 1, 2018

Time: 10:00 AM – 12:00 PM

Location: 4522 Parker Avenue, Bldg 700, Suite 350, McClellan

Facilitator: Doug Mason

Attendees: Doug Mason (CT Chair), Scott Dmytrow (IN Lead), Raguparan Thangavelauthem, Veera Nanugonda, Sallie Houston, Kee Foo

1. Introductions/Review Agenda

2. Purpose of Meeting – Finalize scoping documents:

- I. This is the second meeting for the new Pavement Preservation STG. This group is reviewing general comments received from scoping documents and trying to finalize Section 94 scoping document to get approval to work on task.

3. Review and Finalize Section 94 Scoping Document:

- I. Group worked on all comments received from ATG and executive committee concerning the details of scoping documents submitted. Group put together a bin list, Purpose for Section 94 update.xlsx, of proposed areas that the PPTG working group will need to review to include with the section 94 scoping document. Ran out of time to address the other scoping document that we knew would not get approved if requiring new test methods or changes to test methods with METs.

4. Next Steps (Future Meetings)

- I. Meeting currently scheduled for January 22, 2019 does not work for industry. Team will decide to move meeting to another date that doesn't conflict with industry conferences.

5. Adjourn
