The final invoice should be submitted within 60 calendar days after Caltrans Contract Manager notifies Consultant Contract Manager of completion of the services. E. Payment will be made in accordance with, and within the time specified in Government Code, Chapter 4.5, commencing with Section 927.

- 3) A mistake, inadvertence, or neglect by the Consultant in failing to pay the correct rates of prevailing wage, will be remedied solely by the Consultant and will not under any circumstances be considered as the basis of a claim against Caltrans on the Agreement. Consultant is responsible for paying the appropriate rate, including escalations that take place during the term of the Agreement.
- a. That no costs other than those incurred by Consultant or allocated to Consultant were included in its direct cost pool as finally accepted and that such costs are legal obligations of Consultant and allowable under the governing cost principles;
 - b. That the same costs that have been treated as indirect costs have not been claimed as direct costs;
 - c. That similar types of costs have been accorded consistent accounting treatment to all clients (State, Federal, local government, commercial/private) under similar circumstances; and

- 4) At the discretion of Caltrans, the indirect rate(s) and related workpapers may be reviewed by Caltrans A&I Division to verify the accuracy and CPA's compliance with 48 CFR, Part 31 and related laws and regulations, and to determine if the audit report format is acceptable.
- G. - 2) If Caltrans is unable to issue a cognizant approval letter per paragraph **S1**, above, Caltrans may require Consultant to submit a revised independent CPA audited ICR and audit report within three (3) months of the effective date of the management letter. Caltrans will then have up to six (6) months review Consultant's and/or the independent CPA's revisions.
- 3) If Consultant fails to comply with the provisions of this **Section S**, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the provisional ICR that was established upon initial rejection of the ICR and set forth in paragraph **S.1**. above for all rendered services. In this event, the provisional ICR will become the actual and final ICR for reimbursement purposes under this Agreement.
- 4) Consultant may submit to Caltrans a final invoice only when all the following items have occurred: (1) Caltrans approves or rejects the original or revised independent CPA audited ICR; (2) All work under this Agreement has been completed to the satisfaction of Caltrans; and (3) Caltrans has issued its final ICR review letter. Caltrans Contract Manager shall notify Contractor by email that Contractor must submit a complete and satisfactory ADM-3059 within 30 days from the date of the notice. If Contractor fails to fully complete and submit the ADM-3059 within this 30-day period, Caltrans shall permanently withhold payment of the final invoice.

- 6. Performance of DBE Consultants and Other DBE Subconsultants/Suppliers**

10. DBE Substitutions

- A. Consultant may not substitute a listed DBE Subconsultant, supplier or, if applicable, a trucking company, without the prior written approval of Caltrans Contract Manager. Failure to obtain approval of substitute Subconsultants before work is performed, supplies are delivered, or services are rendered may result in payment being denied by Caltrans.
- B. Consultant must make an adequate good faith effort (GFE) to find another certified DBE Subconsultant to substitute for the original DBE Subconsultant. GFE shall be directed at finding another DBE Subconsultant to perform at least the same amount of work under the Agreement as the DBE Subconsultant that was substituted or terminated to the extent needed to meet the Agreement goal for DBE participation established for the Agreement.
- C. The Consultant's inability to find a replacement DBE at the original price is not alone sufficient to support a finding that good faith efforts have been made to replace the original DBE.
- D. The requirement that DBEs must be certified by the Statement of Qualification due date does not apply to DBE substitutions after award of the Agreement. DBEs substituted after award must be certified with the work code applicable to the type of work the DBE will perform on the Agreement at the time of the substitution.
- E. Consultants shall submit requests for substitution to Caltrans Contract Manager. Authorization to use other Subconsultants or suppliers may be requested for the following reasons:

- W. Be served by certified or registered mail to the last known address of the listed Subconsultant.

The listed Subconsultant, who has been so notified, shall have five working days within which to submit written objections of the substitution to Caltrans Contract Manager. Failure to submit a written objection shall constitute the listed Subconsultant's consent to the substitution.

- H. If written objections are filed by the listed Subconsultant, DPAC will render a written decision. DPAC shall give written notice of at least five (5) working days to the listed Subconsultant of a hearing by Caltrans on Consultant's request for substitution.

11. DBE Certification and De-Certification Status

- A. If a DBE Subconsultant is decertified during the life of the Agreement, the decertified Subconsultant shall notify Consultant in writing with the date of decertification. If a Subconsultant becomes a certified DBE during the life of the Agreement, the Subconsultant shall notify Consultant in writing with the date of certification.
- B. Consultant shall report any changes to Caltrans Contract Manager within 30 days.

12. DBE Eligibility

- A. The dollar value of work performed by a DBE is credited/counted toward the goal only after the DBE has been paid.
- B. Credit for DBE Prime Consultants

Consultant, if a certified DBE, is eligible to claim all of the work toward the goal except that portion of the work to be performed by non-DBE Subconsultants.

- C. Credit for Material or Supplies

Credit for materials or supplies purchased from DBEs will be evaluated on a case-by-case basis.

- 1) If the materials or supplies are obtained from a DBE manufacturer, 100 percent (100%) of the cost of the materials or supplies will count toward the DBE goal. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.

Exhibit E
Additional Provisions

- D. If the materials or supplies are purchased from a DBE regular dealer, 60 percent (60%) of the cost of the materials or supplies will count toward the DBE goal. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this paragraph if the person both owns and operates distribution equipment for the products.
- E. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this paragraph.
- F. Credit for materials or supplies purchased from a DBE that is neither a manufacturer nor a regular dealer will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.
- G. Credit for DBE trucking companies will be as follows:
- 1) The DBE must manage and supervise the entire trucking operation for which it is responsible on a particular Agreement. There cannot be a contrived arrangement for the purpose of meeting the DBE goal.
- H. The DBE must itself own and operate at least one (1) fully licensed, insured, and operational truck used on the Agreement.
- I. The DBE receives credit for the total value of the transportation services it provides on the Agreement using trucks it owns, insures, and operates using drivers it employs.
- J. The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Agreement.
- K. The DBE may lease trucks without drivers from a non-DBE truck leasing company. If the DBE leases trucks from a non-DBE truck leasing company and

Exhibit E
Additional Provisions

uses its own employees as drivers, it is entitled to credit for the total value of these hauling services.

- L. For the purposes of this paragraph, a lease must indicate that the DBE has exclusive use and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, as long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

13. Termination of DBE

- A. In conformance with 49 CFR 26.53(f)(1) and 26.53 (f)(2):
 - 1) Consultant shall not terminate for convenience a listed DBE Subconsultant and then perform that work with its own forces (personnel), or those of an affiliate, unless Consultant has received prior written authorization from Caltrans Contract Manager to perform the work with other forces (other than Consultant's own personnel) or to obtain materials from other sources; and
- B. If a DBE Subconsultant is terminated or fails to complete its work for any reason, Consultant will be required to make GFE to replace the original DBE Subconsultant with another DBE Subconsultant to the extent needed to meet the Agreement goal.
- C. Noncompliance by Consultant with the requirements of this section is considered a material breach of this Agreement and may result in termination of the Agreement or other such appropriate remedies for a breach of this Agreement as Caltrans deems appropriate.

 - M. If Caltrans determines that employees of a Subconsultant were not paid the general prevailing rate of per diem wages and if Caltrans did not retain sufficient money under the Agreement to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the Consultant shall withhold an amount of moneys due the Subcontractor sufficient to pay those employees the general prevailing rate of per diem wages if requested by Caltrans.
