Small Business Program Overview

California Department of Transportation (Caltrans)

Traci Adams

District 10 Small Business Liaison

Traci.Adams@dot.ca.gov

(209) 986-3499

DBE Program Overview

On September 30, 2025, the U.S. Department of Transportation issued an Interim Final Rule that makes major changes to the DBE Program. The rule was published in the *Federal Register* on October 3, 2025, and it is effective immediately.

The rule eliminates race- and gender-based presumptions of disadvantage. From now on, all DBE applicants must prove social and economic disadvantage individually. This means every firm currently certified must go through a reevaluation process. Once you are recertified under the new standards, you will again be eligible to participate in the DBE Program. Until this process is complete, DBE goals will not be assigned to federal aid projects or procurements.

Until reevaluations are completed, your current DBE certification is not valid for contracting purposes and cannot be counted toward DBE goals.

You will be contacted by certifying agency with instructions on how to complete the recertification process. As part of that process, you will need to provide:

A personal narrative describing the barriers and disadvantages you have faced,

A new Personal Net Worth statement, and

Any supporting financial or business documents that may be requested.

Office of Civil Rights (OCR)

DBE Questions:

- Contact the DBE “Analyst of the Day” at (916) 324-1700 or email DBE.certification@dot.ca.gov
- Email the OCR Outreach Branch at SmallBusinessAdvocate@dot.ca.gov

Caltrans and other certifying agencies are reviewing the new requirements and will provide templates and outreach to help in completing this process.

Please watch for communication from certifying agency with specific instructions. Thank you for your patience as we implement these federally required changes.

- For DBE certification questions, call: (916) 324-1700 – ask to speak to the Analyst of the Day, or email at: DBE.Certification@dot.ca.gov

Calmentor Program

What is it?

- Mentor/protégé program

How does it work?

- We partner with ACEC to promote partnerships with the private consulting industry
- Encourages new business
- Grows existing business
- Promote small and emerging businesses contracting with the State of California
- Supports SBE firms in the Central Region
- Voluntary participation in the program is through acceptance and screening of completed applications from mentors and proteges.

The program is currently accepting new members. Please reach out to Lori Goodwin at Lori.Goodwin@nv5.com for more information or registration forms.

Calmentor Program

Mission, Goals, and Objectives

Mission Statement

The Mission of the Calmentor Program is to increase the pool of small firms participating in transportation projects by providing them opportunities to network and partner with larger, established firms.

Goals and Objectives

- Establish a mentoring Program that pairs small firms with larger, established firms in the same field of expertise
- Enhance the growth potential of small firms
- Ensure that both small and large firms have equal opportunities to participate in transportation projects
- Establish a clear, accessible entry point for small firms that want to do business with Caltrans or other public agencies
- Develop business relationships that foster new opportunities for both large and small firms
- Encourage small firms to obtain certification from appropriate agencies
- Increase the pool of small business

Calmentor Program

Participants

Participants

- Participants of the Program are Mentors, Proteges, Sponsors, and/or Steering Committee members.
- Mentors are large, established firms who are typically prime consultants willing to commit time to help small firms achieve their growth potential.
- Proteges are small firms who are seeking A&E contracts with Caltrans or other public agencies.
- Caltrans Region District CSU is the program's primary sponsor whose aim is to facilitate the growth of small firms. Any public or local organization may join to co-sponsor the Program.

General Information

Surveying Services

- **Contracts:** Two (2) Contracts, one (1) for Engineering Surveying Services and one (1) Right of Way Engineering Services
- **Location:** District 10 – Administered out of Central Region
- **Cost:**
 - Engineering Surveying: estimated value is \$7.8 million
 - Right of Way Engineering: estimated value is \$4.5 million
- **Duration:** Contract term is 3 years
- **Existing Contract #:** 06A2812
- **Current Consultant:** Chaudhary
- **Work Performed:** Consultation, professional and technical services required for Land Surveying Services.

Scope of Work

Engineering Surveying Services

Required Services:

- Provide Land Surveying Services on an “as-needed” basis to support the California Department of Transportation, Central Region, Division of Project Development, District 10.
- Perform consultation, professional and technical services required for Land Surveying Services.
- Provide necessary personnel to augment the Caltrans work force through the issuing of task orders describing the services to be performed.

Typical Scope of Required Services

Engineering Surveying Services

The Consultant shall perform Land Surveying Services on an On-Call and as-needed basis (continued). Deliverables include the following type of work, but not limited to:

- Perform contract management.
- Produce survey products for project design, such as DTM/Topos, stationary scans, utility surveys, etc.
- Produce control surveys and record of surveys.
- Provide construction staking services for Caltrans construction projects which includes rough grade stakes, final grade stakes, drainage system stakes, and stakes for structures.
- Manage task order cost, scope, schedule and quality.

Scope of Work

Right of Way Engineering Services

Required Services:

- Provide Right of Way Engineering Surveying Services on an “as-needed” basis to support the California Department of Transportation, Central Region, Division of Project Development, District 10.
- Perform consultation, professional and technical services required for Right of Way Engineering Surveying Services.
- Provide necessary personnel to augment the Caltrans work force through the issuing of task orders describing the services to be performed.

Typical Scope of Required Services

Right of Way Engineering Services

The Consultant may perform services on an On-Call and As-Needed basis.

- Perform contract management.
- Right of Way Engineering Surveying Services includes all necessary personnel, material, transportation, lodging, instrumentation, and equipment required for completion of task orders.
- Produce qualified personnel for completing Right of Way Engineering Surveying tasks.
- Responsible for delivery of all deliverables developed under each task order, which must conform to Caltrans current software platforms and standards.
- Perform monumentation of state right of way.
- Produce right of way engineering products, such as appraisal maps, right of way record maps, monumentation maps, and record of surveys.
- Produce control surveys and record of surveys, monument perpetuation surveys, and land net surveys.
- Manage task order cost, scope, schedule and quality.

Typical Personnel Classifications For Both Contracts

- Project Licensed Surveyor
 - Survey Technician
 - Survey Assistant
 - Survey Instrument Person
 - Survey Rod/Chain Person
 - Survey Journeyman Chainman
 - Survey Apprentice Chainmen
 - Survey Technician – LiDAR Specialist*
