CALMENTOR PROGRAM

Increase the pool of small A&E businesses participation in transportation projects.

GOALS & OBJECTIVES

Mentoring Program that pairs small A&E businesses with large A&E firms

Enhance small business operations to achieve their growth potential

Create small business opportunities that provide more meaningful participation in transportation projects

Establish an entry point for small A&E firms that desire to do business with Caltrans and other public agencies

Develop business relationships that cultivate new opportunities for both large and small firms

Why Should a Small A&E Firm Participate?

Develop more meaningful relationships with large firms

Enhances readiness to pursue business opportunities

Enhances perspectives on successful business practices

How Do I Start?

Request informational brochure and application.

Submit Mentor or Protégé application.

Request active Mentor or Protégé list for potential pairing

Submit MOU with Caltrans

Title VI

A&E Water & Wastewater Outreach

Ali Moradi

Senior Transportation Engineer

Water and Wastewater Branch

Office Buildings

Equipment Shop Buildings

Safety Roadside Rest Areas (SRRAs)

Maintenance Stations (MSs)

Commercial Vehicle enforcement Facilities (CVEFs)

Vehicle Wash Racks

Materials Testing Facilities

Sewer and Water utility on bridges

Scope of Services

Review and provide a summary of existing system information

Develop a summary of proposed alternatives

Sampling and analysis to support the design

Prepare test well and well analysis report

Contact utility companies or permit agencies for requirements

Prepare Preliminary Report of water sources and sewer discharge

Prepare feasibility studies, planning studies, infrastructure studies for existing facilities

Review district site submittals and associated information

Perform Field Investigation- Perform site surveys, as necessary

Site visits

Coordination with project team, stakeholders and permit agencies

Provide sludge quality/ quantity report, drinking water well analysis

Provide design calculations, code analysis, support to obtain Water and Wastewater system permits and State Fire Marshal permit

Provide P.E stamped biddable and buildable plans, specifications and estimates per Caltrans standards

Provide Bridge utility design calculations, plans, specifications and estimate (exclude anchorage details to the bridge structure)

Follow Caltrans' QA &QC requirements

Attend the PS&E package meeting and pre-construction meeting

Respond to bidder's inquiries, Request for Information (RFIs) in timely manner

Review water and wastewater submittals and shop plan drawings

Assist with Contract Change Orders

Perform design observations and prepare punch list during construction phase

Prepare and deliver final As-Built plans

A&E Contract Personnel Requirements

The Consultant shall have personnel listed as below:

Consultant Contract Manager

Consultant Task Order Manager

Consultant Licensed Civil Engineer

Consultant Civil Design Engineer

Consultant drafting Technician

Consultant Water and Wastewater Specialist

Consultant Licensed Electrical Engineer

Consultant Licensed Hydrogeologist

Subconsultant Drinking Water Well Driller

Water and Wastewater Design Experience

Onsite filter media system, recirculating gravel filters, anoxic wetland systems for nitrogen removal in wastewater

Sewage distribution systems: gravity flow, effluent pump, lift station

Sewage pond treatment systems

Leach field systems

Wastewater drip dispersal systems

Vehicle wash rack treatment system, including Brine recycle system

Drinking water well drilling and ground water treatment projects

Surface water treatment

Ultraviolet, ozone, reverse osmosis treatment

City or County water and wastewater connections

Water and Wastewater Utilities on bridges

Water and Wastewater projects using a web-based SCADA system

A&E Contract Exclusion of Work

Following disciplines are excluded from this contract

Geotechnical Engineering

Material Testing

Land Surveying

Value Analysis

Environmental Studies

Roadway Design

Traffic Engineering

Right-of-Way Engineering

Architecture Design

Landscape Architecture

Building structures design

Networking & Partnering Opportunity

A list of all of today's attendees will be posted on the DPAC Website with Prime-Consultants and Sub-Consultants for your reference.

Utilize the list to form your potential team partners.

Are you planning to be a:

Prime or sub-consultant

Question Session

Compose your questions in the chat box to EVERYONE.

Outreach information including questions and answers will be posted on DPAC A&E website:
