A&E Materials Engineering & Testing Services Oversight Outreach for Contract 59ANEW24191 and 12NEWCO2-26

If you have not already registered, please provide the following information in the chat box:

- Name
- Firm
- Email
- Phone

Wednesday May 13, 2026

10:00AM – 11:30PM

Virtual Outreach via WebEx

Agenda

- General Information Sharing
- Calmentor program
- Office of Civil Rights – Opportunities for DBEs
- DPAC Updates – Procurement Process
- Contract Requirements & Overview
- Wrap Up - Question Submission:
 - Please send questions to EVERYONE in the chat box
 - Official responses to be posted on DPAC website

*The Attendees List (including contact information) will be posted on the DPAC website

Title VI

- Caltrans ensures that no person in the state of California is excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in Caltrans programs, policies, procedures, activities, and services on the grounds of race, color, national origin, sex, age, or disability.
- For more information on Title VI of the Civil Rights Act of 1964 at Caltrans, please visit: <https://dot.ca.gov/programs/civil-rights/title-vi>.

Disclaimers

The information provided in this event does not constitute a solicitation or offer of any contract with Caltrans.

For this outreach, the scope of work, personnel classifications, duties, contract amount, schedule, and all aspects of the contract are not final. Information provided is preliminary and subject to change.

Calmentor

Increase the pool of small A&E businesses participation in transportation projects.

Goals & Objectives

- Mentoring Program that pairs small A&E businesses with large A&E firms
- Enhance small business operations to achieve their growth potential
- Create small business opportunities that provide more meaningful participation in transportation projects
- Establish an entry point for small A&E firms that desire to do business with Caltrans and other public agencies
- Develop business relationships that cultivate new opportunities for both large and small firms

Why Should a Small A&E Firm Participate?

1. Develop more meaningful relationships with large firms
2. Enhances readiness to pursue business opportunities
3. Enhances perspectives on successful business practices.

How Do I Start?

- Request informational brochure and application.
 - Submit Mentor or Protégé application.
- Request active Mentor or Protégé list for potential pairing.
 - Submit MOU with Caltrans..

DES- Structure Construction Inspection A&E Contract

- 59ANew24191
- Farrokh Kianmofrad- Sr. Bridge Engineer

General Information

Location: Direct Express Connector Between State Route 241 and 91

Scope: The Consultant must perform Project Specific Structure Construction Engineering and Inspection services

Schedule: Estimated Advertisement June 2026

Contract Amount: Estimated value is \$6.3 Million

Duration: 4 years

Look Ahead Report: 59ANEW24191

DISTRICT 12 CONSULTANT SERVICES UNIT

Christina Aguilar, P.E.

Contract Manager

A&E Structure Construction Outreach 59ANEW24191

- Vaskin Kuyumjian– Sr Bridge Engineer

John Zehnder- Area Construction Manager

Overview

This project-specific A&E contract:

Provides structure construction inspection and engineering support .

Roles include Structure Representative (Range D), Assistant Structure Representative (Range B or C), and Transportation Engineering Tech (TET)

Support Department engineering staff

Scope of Services

Ensure contractor compliance with contract requirements, including verification of field dimensions and vertical/horizontal structural control

Prepare daily ASR and Extra Work diaries in accordance with the Caltrans Construction Manual using ProDMS (Caltrans' daily diary writing software)

Review contractor submittals, including shop drawings, product data, samples, QC plans, work plans, material sources, and testing/evaluation reports

Review contractor RFIs and provide timely, sound engineering recommendations

Ensure regulatory compliance with Cal/OSHA, SWPPP, and other applicable requirements

Enforce safety and health requirements to protect the public and project personnel

Perform submittal review and authorization for temporary structures, including falsework, shoring, platforms, and temporary bridges

Perform alignment and grade calculations

Sample and test construction materials for QA in accordance with CTMs, ASTM, and ACI procedures

Obtain and maintain required certifications for applicable CTMs, ASTM, and ACI methods

Record and file necessary documents pertaining to construction progress, using FalconDMS, including ASR diaries, pay estimates, expenditures, field measurements, and test data

Identify actual and potential construction issues and provide timely engineering solutions

Prepare contract progress and final payment quantity documentation

Assist with change orders, pay estimates, and contractor claims, including related reports and correspondence

Prepare calculations, records, reports, and correspondence for project activities, change orders, and claims

Assist in preparing close-out documents including as-built plans and reports

Maintain required OSHA safety training certifications

12NEWC02 OFFICE OF CONSTRUCTION FIELD 2

- Steven Kim, P.E.
- Senior Transportation Engineer

ROADWAY CONSTRUCTION SERVICES

- Anticipated Deliverables/Assistance:
- Roadway Construction Inspection and Office Engineering
 - Construction Claims Support
 - Construction Scheduling Support/CPM
- Construction Materials Sampling and Testing
- Construction Stormwater Implementation

Overview

This project-specific A&E contract:

Provides Roadway Construction Inspections

Personnel Requirements: Office Engineer, Roadway Construction Inspector

Scope of Services

Ensure contractor compliance with contract requirements, including verification of field dimensions, calculations of bid item and CCO quantities.

Prepare daily diaries in accordance with the Caltrans Construction Manual using ProDMS and FalconDMS

Maintain complete Construction Project records

Provide material sampling and testing services (HMA, concrete, backfill material, etc.)

Provide construction stormwater implementation support (SWPPP)

Provide construction scheduling support (CPM, baseline, monthly updates, TIA review, etc.)

Provide construction claim support (RFI, iPCR, SPCR, FFPCR)

Administer monthly pay estimates, process change orders, update extra work reports, administer testing records and reports, develop various written correspondences, utilize iEWB program

Knowledgeable about close-out processes and related documents (PFE, SFE, FE), BIM, GIS, As-Builts
