- D. The State, including its officers, directors, agents (excluding agents who are design professionals), and employees, shall be named as additional insureds under the General Liability and Umbrella Liability Policies with respect to liability arising out of or connected with work or operations performed by or on behalf of Contractor under this contract. Coverage for such additional insureds does not extend to liability:

- C. Caltrans may verify Contractor's compliance with its insurance obligations. Ten (10) days before an insurance policy lapses or is canceled during the contract period, the Contractor shall submit to Caltrans evidence of renewal or replacement of the policy.
- D. If Contractor fails to maintain any required insurance coverage, Caltrans may maintain this coverage and withhold or charge the expense to Contractor or terminate Contractor's control of the work in accordance with Section 8-1.13, "Contractor's Control Termination," of the 2025 Standard Specifications.
- E. Contractor is not relieved of its duties and responsibilities to indemnify, defend, and hold harmless the State, its officers, agents, directors and employees by Caltrans' acceptance of insurance policies and certificates.
- F. Minimum insurance coverage amounts do not relieve Contractor for liability in excess of such coverage, nor do they preclude the State from taking other actions available to it, including the withholding of funds under this contract.

36. Self-Insurance

- A. Self-insurance programs and self-insured withholding in insurance policies are subject to separate annual review and approval by the State.
- B. If Contractor uses a self-insurance program or self-insured withholding, Contractor shall provide the State with the same protection from liability and defense of suits as would be afforded by first-dollar insurance. Execution of the contract is Contractor's acknowledgement that Contractor will be bound by all laws as if the Contractor were an insurer as defined under the California Insurance Code and that the self-insurance program or self-insured retention shall operate as insurance as defined under the California Insurance Code.

37. Satisfying a Self-Insured Retention (SIR)

All insurance required by this Agreement must allow, but not require, the State to pay any SIR and/or act as Contractor's agent in satisfying any SIR. The choice to pay any SIR and/or act as Contractor's agent in satisfying any SIR is at the State's discretion. - 1) Bodily injury, including, but not limited to, bodily injury, sickness or disease, emotional injury or death to persons, including, but not limited to, the public, any employees or agents of Contractor, the State, or any other contractor; and
 - 2) Damage to property of anyone including loss of use thereof; caused or alleged to be caused in whole or in part by any negligent or otherwise legally actionable act or omission of Contractor or anyone directly or indirectly employed by Contractor or anyone for whose acts Contractor may be liable.
- B. Except as otherwise provided by law, these requirements apply regardless of the existence or degree of fault of the State. Contractor is not obligated to indemnify the State for claims arising from conduct delineated in Civil Code Section 2782 and to claims arising from any defective or substandard condition of the highway that existed at or before the start of work, unless this condition has been changed by the work or the scope of the work requires Contractor to maintain existing highway facilities and the claim arises from Contractor's failure to maintain. Contractor's defense and indemnity obligation shall extend to claims arising after the work is completed and accepted if the claims are directly related to alleged acts or omissions by Contractor that occurred during the course of the work. State inspection is not a waiver of full compliance with these requirements.
- C. Contractor's obligation to defend and indemnify shall not be excused because of Contractor's inability to evaluate liability or because Contractor evaluates liability and determine that Contractor is not liable. Contractor shall respond within 30 days to the tender of any claim for defense and indemnity by the State, unless this time has been extended by the State. If Contractor fails to accept or reject a tender of defense and indemnity within 30 days, in addition to any other remedy authorized by law, Caltrans may withhold such funds the State reasonably considers necessary for its defense and indemnity until disposition has been made of the claim or until Contractor accepts or rejects the tender of defense, whichever occurs first.
- D. With respect to third party claims against Contractor, Contractor waives all rights of any type to express or implied indemnity against the State, its officers, directors, employees, or agents (excluding agents who are design professionals).
- E. Nothing in the Agreement is intended to establish a standard of care owed to any member of the public or to extend to the public the status of a third-party beneficiary for any of these indemnification specifications.
- F. Contractor is responsible for any liability imposed by law and for injuries to or death of any person, including workers and the public, or damage to property. Indemnify and save harmless any county, city, or district and its officers and employees connected with the work, within the limits of which county, city, or district the work is being performed, all in the same manner and to the same extent specified for the protection of the State.

- 1) Withholding monthly progress payments
- 2) Assessing sanctions
