CalSMART Quick Guide

Project Status and Expenditure Report for Fiscal Year 2022-23

This guide will lead you through the process of submitting the Project Status and Expenditure Report for the Fiscal Year (FY) 2022-23 reporting cycle. This includes all activity and expenditures from <u>FY 2017-18 to FY 2022-23 funds as identified by</u> the California Budget and State Controller's Office (SCO).

Please note, this report is cumulative – the amounts reported are to be the total amount of funds expended to date, not the amount expended since the previous reporting cycle.

All agencies will be submitting this report directly to Caltrans via CalSMART. Unlike during the Project List Submittal process, Regional Entities do not need to review and approve expenditure reports provided by their respective operators.

Please use **Google Chrome** or **Mozilla Firefox** as Internet Explorer does not support CalSMART's functionality.

Follow-Along Steps with Screenshots

Login and choose "**State of Good Repair Program**" from the Current Program dropdown menu

	Dashboard	Jayme Desormier Orange County Transportation Authority
Current Program: Local Streets and Roads Program State of Good Repair Program Other SB1 Funded Programs (ATP, SHOPP, LPP, SCCP, T Electronic Project Programming Request	CEP)	
My Profile		

<u>Create Project Status and Expenditure Report</u>

Select "Project Status and Expenditure Reporting"

Select "**Create Status and Expenditure Report**" when <u>initially</u> creating the report for the current reporting cycle. <u>After</u> having created the report, and you need to update/revise any information, select **"Manage Status and Expenditure Reports"** and make the changes/revisions needed.

You will then be directed to the **New Expenditure Report** page.

This page consists of your Agency's Contact information and a **summary of** FY 17/18 through FY 22/23 SGR funding activity. Information on this screen is prepopulated with information submitted from the previously approved Project Status and Expenditure report.

This page contains a summary table of all SGR funds from FY 17/18 to FY 22/23. A "Total" column has been added which automatically calculates allocations minus expenditures and a row showing overall totals for all fields. You can resize the rows by dragging the dividers in the headers.

Amounts Issued by SCO	Actual Allocation	Expenditures as of Sept 30 th *
These are the amounts issued to your agency as reported by SCO. This field is not editable.	<u>For Regions</u> - this is the amount received from the SCO. <u>For Operator</u> s - this is the amount received from your region.	 <u>For Regions</u> - this amount will include the distributions to the Operators + any project expenditures (if a Region has a project they are overseeing). <u>For Operators</u> - this is the total amount of expenditures on SGR projects.

*Tip – You can initially leave the <u>Expenditures as of Sept 30th</u> fields blank. Upon submittal, CalSMART will calculate the total expenditures fields, allowing you to fill the amounts in at that point. **Do NOT include interest** in the 99313 or 99314 fields; interest is tracked separately.

Regional Fund Distribution - These fields are only displayed for Region Users

Regional Fund Distribution			
Operator	Funds Distributed (99313)	Funds Distributed (99314)	FY
Nothing selected -	S	S	17/18 🗸
		+A	dd Another Operator

Regional Entities will input the amount of FY 17/18 through FY 22/23 SGR funding that has been distributed to their respective operators as of <u>September 30, 2023</u>. To add additional recipients and report on additional fiscal years, select the green "Add Another Operator" button. SGR funds distributed can be entered in dollars and cents.

When **done** entering all information, select "Save" and begin reporting on individual projects.

Report on Existing Projects Page – This begins the reporting on Individual Projects

Here, you can update Existing Projects (projects that are currently recorded in the CalSMART system). The order to update these projects is as follows:

- Update projects reported on during the previous FY 21/22 Project Status and Expenditure Report (see below)
- 2. Report on projects entered during the FY 22/23 Proposed Project List Submittal (see page 11)

Update projects reported on during the previous FY 21/22 Project Status and Expenditure Report

Select the blue "Update" button to report on individual projects recorded from the FY 21/22 Project Status and Expenditure Report.

Did you add FY 22/23 funds to this Project?

If FY 22/23 funding was added to the <u>SAME</u> project you previously reported on during last year's FY 21/22 Expenditure Reporting cycle:

- Check the "Select" box to the left of the project, and
- Select the "Yes, this is the Same Project" button.

If the projects are **NOT** the same project, select "No, these are Not the Same Project".

In the example below, FY 22/23 funds were added to the same project reported on in the previous FY 21/22 Expenditure Reporting cycle (SGR Project ID 2019-6296-005). Because they are the <u>SAME</u> project, the "Select" box to the left of the project is checked and the "Yes, this is the Same Project" button is selected.

Project Status - Please <u>update Project Status</u> if it has changed from what was previously reported and update the project's financial information.

• <u>For Completed Projects</u> – Select "Completed" from the drop-down menu. This will prompt CalSMART to ask additional Outputs and Benefits questions.

<u>Original Est Allocation</u> – This number will be pre-populated from the previous reporting cycle if available, it is <u>not</u> necessary to update the estimate fields.

<u>Actual Allocation</u> - This amount will most likely be different from the Original Est Allocation. If this amount was reported on during a previous Project Status and Expenditure Report, it will be pre-populated.

• The amount you enter under Actual Allocation should be the actual budgeted, programmed, or allocation made to the project.

Expenditures as of Sept 30th – Please enter the amounts in the correct FY and correct 99313 or 99314 fields. CalSMART will calculate and display the resulting sum based on the amounts you enter in the Total column. This field is not editable. DO NOT include interest in this table; interest is tracked separately in the Interest Expended field located directly below the SGR Funding Table.

• Note, the expenditures being reported are cumulative.

Continue making updates to the project details as needed.

Estimated Completion Date - When reporting on an individual project, the Estimated Completion Date <u>must</u> be a future date.

Percentage Complete – Please note, if you enter a project's Percentage Complete as 100%, CalSMART will prompt you to change the Project Status to "Completed" from the pull-down menu and prompt you to complete the additional Project Outputs and Benefits questions.

After updating the project status and financial information, select "<u>Save and</u> <u>Continue".</u>

You will then select the <u>"Manage Reports"</u> button to be directed back to the <u>Manage Status and Expenditure Reports</u> page where you can report on additional existing projects, add new projects, or submit your report.

After all projects from the FY 21/22 Project Status and Expenditure Report have been updated, you will be directed to the "Report on Existing Project from FY 22/23 Proposed Project List" section on the page.

Report on projects entered during the FY 22/23 Proposed Project List Submittal

Report on any projects still stating "Report" in the Select column.

REPORT ON EXISTING PROJECTS

Report on Existing Projects from FY 22/23 Proposed Project List

REQUIRED: Report the project status and expenditures for each project in the 22/23 Proposed Project List

Select	ProjectID	Title	Description	Location	Project Category	Asset Type
Linked	PP001	Test for 18/19 Project List	Test project	Stockton	Rehabilitation	Rolling Stock/Fleet
Linked	PP002	18/19 Exp Enchancement New Project	New Project for 18/19 SGR Enchance	Stockton	Replacement	Rolling Stock/Fleet
Linked	PP003	Adding 20/21 project after rejection	Added a 20/21 project after Caltrans rejected.	Stockton	Repair	Passenger Facilities

The steps to report on projects submitted on the FY 22/23 Proposed Project List are the same as the process discussed above.

Continue selecting "Report on Existing Projects" from the <u>Manage Status and</u> <u>Expenditure Reports</u> page until <u>all</u> existing projects are updated in CalSMART.

	PROJECTS	S			Expand ^
	RPNO 个	Title	RP Desc.	Project Status	View/Edit
	RP001	TART Transit Bus Replacement	Tahoe Truckee Area Regional Transit (TART) 40	On Track	۲
	RP002	Placer County Transit Preventive Bus Mainten	Perform regularly scheduled maintenance of 1	Completed	۲
	RP006	New Project 1819 Exp Report	Adding new project to 1819 exp report	Not Started	۲
	Report o	n Existing Projects		A	ld New Project
Back to Top Conditions of Use Pri	vacy Policy	Accessibility Contact Us			

If you are done reporting on your projects, skip to page 13 to submit your report.

Adding New Projects

After <u>all</u> existing projects have been updated, please enter any additional projects that have FY 17/18 through FY 22/23 funds by selecting 'Skip to Add New Projects' from the Report on Existing Projects page.

A "new" project is a project that has not been previously reported on in CalSMART nor entered into CalSMART during the Proposed Project List Submittal process. **Be sure to include all documentation required by your respective** governing board indicating their review and approval of the new project.

Or you can select 'Add New Project' from the Manage Status and Expenditure Reports page.

	PROJECTS	3			Expand ^
	RPNO 🛧	Title	RP Desc.	Project Status	View/Edit
	RP001	TART Transit Bus Replacement	Tahoe Truckee Area Regional Transit (TART) 40	On Track	۲
	RP002	Placer County Transit Preventive Bus Mainten	Perform regularly scheduled maintenance of 1	Completed	۲
	RP006	New Project 1819 Exp Report	Adding new project to 1819 exp report	Not Started	۲
~	Report or	n Existing Projects			Add New Project
Back to Top Conditions of Use Pri	vacy Policy	Accessibility Contact Us			

The process to add a new project is similar to steps discussed in previous user guides.

Submit Project Status and Expenditure Report

When you have completed your Project Status and Expenditure Report, please select the green "Submit" button to send to Caltrans for review.

ERROR Message

CalSMART compares the amounts reported at the project level with the amounts reported in the overall **Summary of SGR Funding by FY** table. If the amounts do not reconcile, you will receive an error message (see below). Please use these values reported in the message to correct the SGR Expenditures on the **Summary of SGR Funding by FY** table. *

SUBMIT EXPENDITURE REPORT

SGR-C18-FY22/23-6296-001

The following errors must be corrected before this Expenditure Report can be submitted:

- Total expended on projects does not match the amounts on the Expenditure Report summary.
 - Enter the following amount(s) in the Summary of SGR Funding table:
 - FY17/18 99313 Expenditures: \$2,759.00
 - FY17/18 99314 Expenditures: \$2,799.00
 - FY18/19 99314 Expenditures: \$4,645.00
 FY18/29 99314 Expenditures: \$24,220 9
 - FY19/20 99314 Expenditures: \$34,300.00
 - FY21/22 99314 Expenditures: \$2,966.00
 FY22/23 99314 Expenditures: \$100.00
 - Or, if you believe your amounts in the Summary are correct, check the expenditures reported on individual projects or region distributions for errors.

Back

***TIP** - Take a screenshot of this page to help with making the corrections. Select "Back".

Be sure you are accessing the current FY 22/23 report, it will be the listing

displaying the Caution 🔺 symbol. Select "Edit" to correct expenditures.

Fully Expended Fiscal Years Will Not Display on New Projects

When a FY of SGR funds have been reported as being fully expended on a previous Project Status and Expenditure Report, that particular FY of SGR funds will no longer be displayed on future project's SGR Funding Profiles as those funds are fully spent and therefore no longer available.

The example below shows an agency that expended all their FY 17/18 SGR funds during the previous reporting period.

0.gov								Logged in as: s	upercali707@gmail.com Logo
