### 3. Approval of Minutes of the May 4<sup>th</sup>, 2023 Meeting

[May 4<sup>th</sup>, 2023 CTCDC Meeting Minutes](#)

### 4. Public Comments

At this time, members of the public may comment on any item not appearing on the agenda. Matters presented under this item cannot be discussed or acted upon by the Committee at this time. For items appearing on the agenda, the public is invited to make comments at the time the item is considered by the Committee.

- A. Public comment on items not appearing on the agenda shall be limited to a maximum of 5 minutes each. Total public comment period prior to agenda items shall not exceed 20 minutes. The 20 minutes can be proportioned accordingly if there are more than four speakers wishing to speak. Or an additional public comment period on items not appearing on the agenda can be heard after all agenda items are heard.
- B. Public comment on agenda item shall be limited to 3 minutes.
- C. During public comments, a member of public may speak only once per agenda item unless specifically requested by a majority of the CTCDC to come back and comment again.
- D. Longer comments should be provided in writing 10 days prior to the meeting.

Local agencies conducting experiments should incorporate public feedback (if any input was received) in the status report and/or the Final Report. The merits of an experiment's success will be based on the identified problem or issue the Local/State Agency has identified when requesting permission to experiment. Local/State policies decision are not for CTCDC debate or CTCDC public comment as the CTCDC evaluates the technical merits of the experiment and how well it addressed the identified problem or issue.

When addressing the Committee, for the record please state:

- Your name
- Business or organization you are representing
- Optional: To receive information related to CTCDC meetings, please submit your contact information via email to [Johnny.Bhullar@dot.ca.gov](mailto:Johnny.Bhullar@dot.ca.gov)

### 5. Updates on items under experimentation

Discussion and direction to agencies on experimentation requests, including:

- Status update on active experiments

## California Traffic Control Devices Committee (CTCDC) Meeting Thursday, August 3, 2023 (09:00 am to End)

- David Fleisch's last meeting as a Voting Member representing County Engineers Association of California (CEAC) was the previous May 4, 2023 CTCDC meeting. As of the August 3, 2023 CTCDC meeting, Robert Scharf, Assistant Deputy Director, has replaced David Fleisch as Voting Member representing CEAC.

**To:** Bhullar, Gurinderpal S@DOT <johnny.bhullar@dot.ca.gov>; Welday, Jason <Jason.Welday@cityofrc.us>  
**Cc:** Brian Balbas (brian.balbas@pw.cccounty.us) <brian.balbas@pw.cccounty.us>; Robert Scharf <BSCHARF@dpw.lacounty.gov>  
**Subject:** Resigning from the CTCDC

**EXTERNAL EMAIL.** Links/attachments may not be safe.

Johnny and Jason,

I have already notified CEAC, but this is to inform you that the May 4, 2023 CTCDC meeting will be my last. Since I have changed jobs, I am spending less time on Roads & Transportation issues, especially those related to traffic control devices. So, I felt it best to allow those more in the details of the work to represent the Southern California Counties.

It is up to Brian Balbas, current CEAC President, to fill the position, but I have recommended that Bob Scharf be moved from the alternate to the primary position and a new alternate be selected.

It has been a pleasure serving on the CTCDC.

Dave

**5. Updates on items under experimentation (Continued)**

16-25 Request to experiment with through lane bicycle box, City of South Pasadena (Mike Sallaberry)

Ted Gerber, City of South Pasadena

Status Date 7/13/2023 - It is recommended that the experiment be closed and the markings left in place based on the final report, South Pasadena's desire to retain the markings and FHWA's Interim Approval 18.

Status Date - 01/23/23 - Public Works for the City of South Pasadena has provided a final report prepared by KOA Corporation in December of 2019. We are evaluating the report and its conclusions and will provide a recommendation at the May 2023 meeting. The City has indicated that they want to retain the markings at the close of the experiment.

Status Date – 9/12/22 – Several contacts for this experiment are no longer working for City of South Pasadena. Tried to contact Sam Zneimer unsuccessfully on 9/8 as well as Planning Division on 9/12. Contacted Jason Welday, representative of LOCC Southern California, on 9/21/22, for assistance and he contacted the city on 9/22/22. Awaiting response from the city.

The project was issued for Bid in May 2022. Contractor was selected August 2022. Notice to Proceed (NTP) for Construction will be November 2022.
- 20-09 Request for experimentation of the performance of Variable Speed Advisory (VSA) sign (Yue Wang)  
Jose Camacho Jr., California Department of Transportation  
Status Date - 7/12/23 - All signs were removed in April. They expect to complete the final report within the next couple of weeks.  
Status Update - 3/22/23 - The signs will remain in the field until end of March 2023, planning on removal of the signs the first week in April 2023.  
Data Analysis and Final Report writing will follow through the end of the project.  
This Project is set to end at the end of May 2023. A Final Report is expected shortly after.  
Status Update - 1/12/23 - Variable Speed Advisories Signs were installed at 10 locations along North Bound SR99. We are in the process of collecting data for analysis. The signs will be removed at the end of March 2023. The Project is expected to end at the end of May 2023 with a Final Report shortly after.  
Status Date – 10/7/20 – Caltrans DRISI was working with FHWA to check the status on Caltrans' request to get permission to experiment and evaluate the performance of Variable Speed Advisory (VSA) on State Route 99. Request was submitted on 7/27/20 and waiting response. Matthew Zeller of FHWA/Office of Operations confirmed that FHWA/ MUTCD Team had received the request for experimentation and will get back to Caltrans.

# California Traffic Control Devices Committee (CTCDC) Meeting

Thursday, August 3, 2023 (09:00 am to End)

- 20-12 Request for approval of orange contrasted temporary pavement delineation in construction Zones (Yue Wang)

Troy Bucko-Division of Safety Programs  
Brian Hadley, CE, Branch Chief  
Caltrans, District 11

Status Date - 7/12/23 - The request for the extension has been received by FHWA. Installation is anticipated in mid-August 2023.

Status Date – 5/4/23 - The District is requested increasing the application to other stages and additional segments. The request included a time extension. The Committee approved the district request.

Status Date – 11/10/22 – The District will submit a request to modify the experiment by increasing the application to other stages and segments of the project. The request will include a request for an extension of time for the conclusion of the experiment.

Status Date – 9/26/22 – all the temporary orange striping is in place in “Unit 4,” i.e., the zone planned for orange striping. All the cameras have been installed and configured by the UC Davis researchers, and they have collected about three months of data. Once the researchers have about a year’s worth of data, they will analyze it and come up with some insightful, quantitative results about how driver behavior (e.g., speed, lane position, average number of lane departures, etc.), changed after standard white striping was replaced by the orange striping.

- 20-13 Request for approval of part-time travel on left shoulder (Yue Wang)

Roger D. Barnes, Traffic Operations Branch Chief  
Caltrans, District 5 – San Luis Obispo

Status Date - 7/12/23 - RTL is still expected to be September of 2024. The project has been awarded significant funding from SB-1 funds.

Status Date - 3/22/23 - The project has completed the 30% construction review and the Ready to List Date is expected to be September 19, 2024.

Status Date - 12/15/22 - The Project is currently in design and has been renamed Five Cities Multimodal Transportation Network Enhancement Project due to multimodal elements added to the project, a park and ride (aka mobility hub), electrification of the hub with solar powered charging stations, a transit stop and parking stalls for the Pismo Preserves overflow parking.

Status Date – 9/26/22 – The project has achieved signed PR and final PA&ED. The project had also completed its VA study as of the previous week. It’s officially in the PS&E phase.

23-04 Request for Experiment for Left Turn Gates in the City of Los Angeles (K-line) (Robert Scharf)

Stephanie Leslie, Los Angeles County Metropolitan Transportation Authority

Status Date - 7/13/23 - LACMTA has received approval from FHWA. Demolition for the first location has begun and anticipates installation is September 2023.

Status Date - 5/4/23 - The Los Angeles County Metropolitan Transportation Authority presented a request to Place Left Turn Gates to supplement existing traffic signals in the City of Los Angeles. The Committee approved the experiment at the May 4, 2023 meeting.

23-05 Request for Experiment for Modified Detail 22 (Robert Bronkall)

Johannes Hoevertsz, Sonoma County Public Infrastructure

Status Date - 7/12/23 - The County is still working on the request for approval from FHWA.

Status Date - 5/4/23 - Sonoma County Public Infrastructure presented a request to place Modified Detail 22 on North Finch Road and South Finch Road in Sanoma County. The Committee approved the experiment at the May 4, 2023 meeting and the County is awaiting FHWA approval for the experiment.
