

Item 20-20 Proposal to include new sign in the CA MUTCD

Recommendation: Adopt the sign C36 (CA) (TRAFFIC CONTROL – WAIT AND FOLLOW TRAFFIC) in the CA MUTCD.

Requesting Agencies/Sponsor: Caltrans/Monica Kress-Wooster, CTCDC member

Background: Currently the standard sign for use at intersecting approaches to a work zone when pilot cars are controlling reversible one lane traffic is C37 (CA) (TRAFFIC CONTROL – WAIT AND FOLLOW PILOT CAR). When traffic is under reversible one-way traffic control without the use of a pilot car, flaggers are used at intersections and commercial driveways. We propose to adopt the new sign (C36(CA)) for use when traffic is under reversible one-way control without a pilot car at residential driveways and low volume side roads.

Proposed Policy Changes

Note: **Red** text is proposed text.

Black ~~striketrough~~ text is the text that is not applicable in California

Blue text is the existing California revision

Section 6F.58 PILOT CAR FOLLOW ME Sign (G20-4)

...
...

Option:

⁰³ The TRAFFIC CONTROL – WAIT AND FOLLOW TRAFFIC (C36(CA)) sign may be used at low volume side roads and residential driveways intersecting a work zone when pilot cars are not controlling reversible lane traffic.
