

National Drive Electric Month

in partnership with

Wednesday, October 7

 **State Capitol - 1305 10th St**
10 am - 2 pm

In celebration of National Drive Electric Month, Caltrans and partner organizations are sharing consumer resources and showcasing fleet electric vehicles - including a transport tractor, a cone truck, a street sweeper, and pickups.

Come learn about how California is electrifying transportation to meet the state's climate goals - direct from the zero-emission vehicle and infrastructure experts.
