

**m o r a n d u m**

To : ALL DISTRICT TRAFFIC ENGINEERS

Date : August 16, 1991

File No. :

From : DEPARTMENT OF TRANSPORTATION  
Division of Traffic Operations

Subject : Catwalks on Overhead Sign Structures

Recent instructions have eliminated the need for illumination on many overhead sign panels. Whether or not the sign panel is illuminated, the catwalk is still required for some maintenance purposes and should be included in new contracts.

Please be sure to inform your Project Development and Design groups of this situation.
