

Transportation Permit Special Conditions for Manufactured Housing (SCMH) Transportation Permit

Page 1 of 1

The following special conditions are applicable to all permits authorizing travel for a "Park Trailer" as defined in Section 18010 of the Health and Safety Code or a "Manufactured Home" as defined in Section 387 of the California Vehicle Code:

General:

- 1) In acceptance of this permit, the applicant certifies that he or she is in compliance with all applicable statutes and specifically with Section 35790 (e) of the California Vehicle Code (CVC) which states in part:

"Permits for the movement of manufactured homes under this section shall not be issued except to transporters or licensed manufacturers and dealers..."

- 2) Movement in convoy shall not be permitted unless specified on the face of the permit.
- 3) Units open on one side shall be covered by plywood, hard board or other rigid material. In lieu of rigid material, suitable plastics, or other flexible material may be used. Billowing or flapping plastic or flexible side covering in excess of 6 inches in any one place is not acceptable and renders the permit void until repaired.
- 4) Units open on both sides such as those used for temporary schools, warehouses, offices, etc. may be moved empty with no side covering.

Tow Vehicle:

- 1) For towing units of 12 feet in width or less:

The tow vehicle shall be a truck tractor with dual rear wheels and an unladen weight of not less than 6,500 pounds as defined in CVC Sections 655 and 660 respectively.

- 2) For towing units greater than 12 feet in width:

The tow vehicle shall be a truck tractor with dual rear wheels and an unladen weight of not less than 9,500 pounds as defined in CVC Sections 655 and 660 respectively.
