Weekly Short-term Restrictions Update for Annual Permit Holders

Valid from 12:00 am Monday, 09/02/2024 thru 11:59 pm Sunday, 09/08/2024

WARNING

The list of short-term restrictions on state routes is updated daily and published weekly as conditions change. It is the responsibility of the permit holder and the operator of the extra-legal vehicle/load to check to see if any additional restrictions have been added to your authorized route before beginning each trip.

You may get the most current status of any such restrictions on your authorized route by accessing the Route Clearing database on-line at https://dot.ca.gov/programs/traffic-operations/transportation-permits. You can also verify vertical restrictions by using a vertical clearance measuring device authorized by California Vehicle Code Section 35252.

Please note: Relinquished route segments are included in this listing. If applicable, you must obtain local transportation permits as required by local laws, rules, and regulations.

All annual and repetitive permit holders are required to receive this information and to carry and display (printed or electronic version) with their permit during all moves.

For questions regarding these Restrictions, please contact Alex Trejo at (916) 917-3795.

Reminder: ALL TRAVEL ON RED ROUTES IS PROHIBITED - SINGLE-TRIP PERMIT REQUIRED
