

Alpine County

Demographic and Economic Profile and Long-Run Forecast

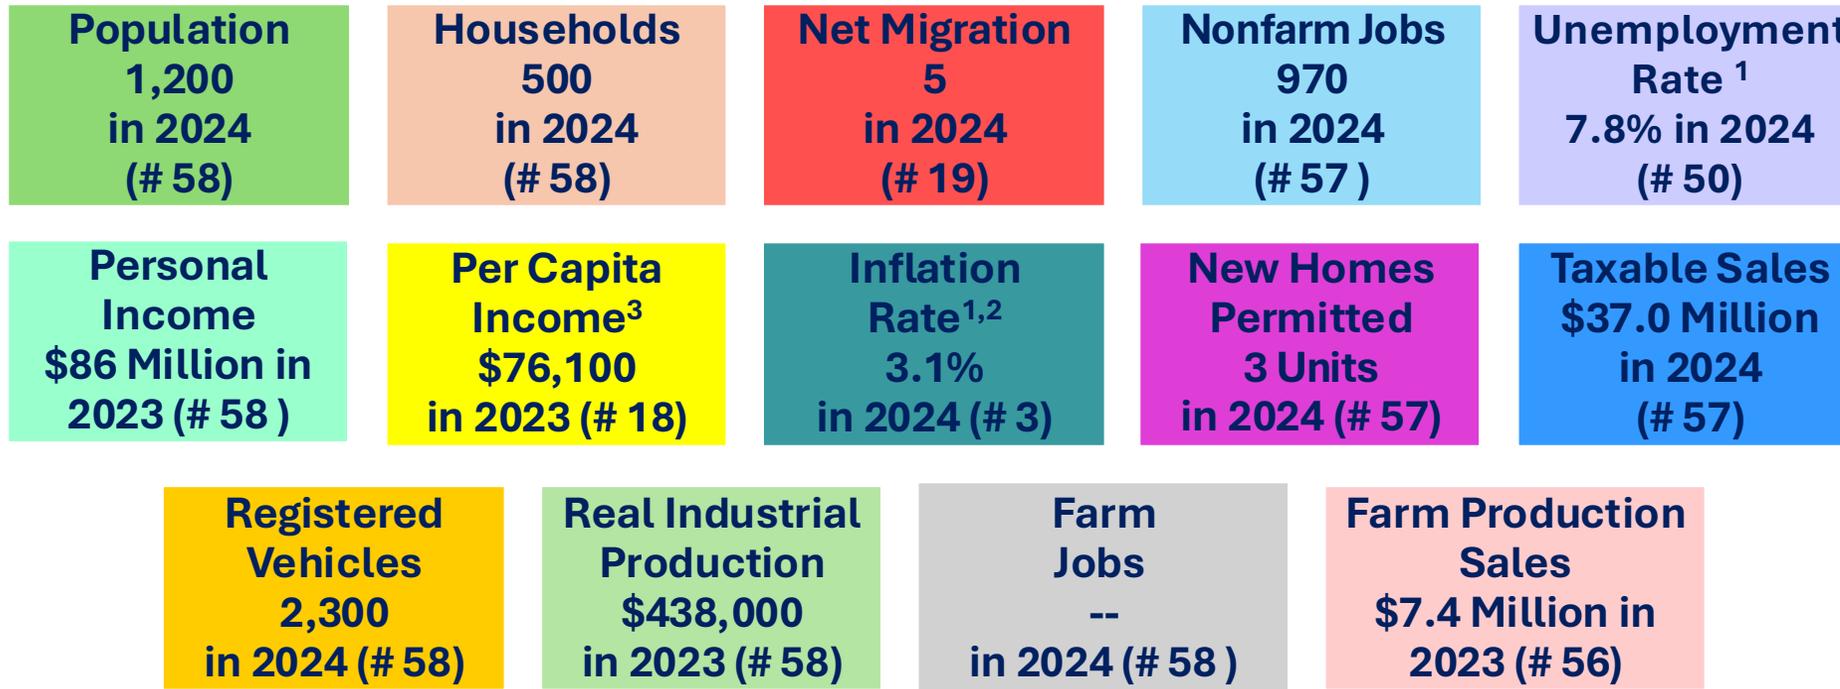

Alpine County Profile

- Alpine County is the least populated county in the State, with fewer than 1,200 residents in 2024.
- It costs approximately \$8,500 per month (\$102,200 per year) for a family of three to live in the County, about six percent less than the statewide average, and nearly 1.3 times the cost to live in Imperial and Kern counties, the cheapest in California with a cost of about \$6,700 a month.
- Alpine County's unemployment rate of 7.8 percent in 2024 was the ninth highest among California's counties.

Alpine County Latest Actual

Levels and State Rank

1. Inflation and unemployment rates are ordered from the lowest to highest, such that counties with lower rates rank closer to #1, reflecting a favorable economic status.
2. Inflation rates are based on four regional Consumer Price Index (CPI) estimates produced by the U.S. Bureau of Labor Statistics (BLS). County-level CPI data do not exist, and all 58 counties are assigned to one of the four regions or the statewide inflation forecast, resulting in only five distinct inflation rankings.
3. Per capita income is converted into 2024 dollars using the statewide California Consumer Price Index (CPI).
