The California Department of Transportation (Caltrans) is currently developing the Interregional Transportation Strategic Plan (ITSP), the long-range planning document that helps prioritize transportation projects across the state and supports Caltrans’ role in improving the interregional movement of people, vehicles, and goods. The ITSP guides Interregional Transportation Improvement Program (ITIP) funds towards intercity rail corridors and a subset of routes identified in California’s legislatively-designated Interregional Road System (IRRS).

**ITSP VISION**
A well developed, high quality interregional State Highway and Intercity Passenger Rail network serving as the backbone for the movement of people and goods throughout California.

**ITSP OBJECTIVES**
1. **Accessibility:** Provide access for people and goods to and through all regions in California.
2. **Reliability:** Ensure that the interregional transportation network is reliable and efficient for the movement of people, goods, services, and for emergency response.
3. **Economy:** Improve interregional connectivity to enhance California’s diverse economy.
4. **Sustainability:** Improve and manage California’s interregional transportation network in an environmentally sensitive, economical, and equitable manner.
5. **Safety:** Develop and operate a safe interregional transportation network for all travelers.
6. **Integration:** Optimize multimodal connectivity throughout the interregional transportation network.

**COLLABORATION PARTNERS**
The ITSP is being prepared concurrently with Caltrans’ California Transportation Plan (CTP) 2040 which is a long-range plan to achieve a collective vision for California’s statewide, multi-modal transportation system that is integrated and sustainable.

(continued on back)
COLLABORATION PARTNERS (continued from front)

The ITSP is one of several Caltrans modal plans that will be integrated within the CTP. The ITSP development is guided by the CTP 2040 Policy Advisory Committee (PAC). The CTP PAC is an advisory committee to Caltrans consisting of a representative cross-section of public and private sector freight stakeholders, including representatives of seaports, railroads, airports, trucking, shippers, carriers, freight-related associations, the freight industry workforce, regional and local governments, state and federal agencies, Tribal governments, and environmental, safety, and community organizations.

ITSP SCHEDULE

- January 2015: First Public Review Draft of ITSP is published
- January-April 2015: Public Comment Period. Comments accepted at HQ.System.Planning@dot.ca.gov
- February/March 2015: Caltrans’ Multimodal System Planning Staff participate in CTP public workshops
- April 2015: Second Public Review Draft of ITSP is published
- June 30, 2015: Final ITSP is published
