

Moss Landing Highway 1 CAPM Project

Monterey County - Route 1 - Post Mile R90.98/R102.031

Description

The Moss Landing Highway 1 Capital Preventative Maintenance (CAPM) Project is located in Monterey County on Route 1 from south of Molera Rd. Interchange to the Monterey/Santa Cruz County Line. The purpose of this project is to improve the ride quality for road users, traffic operations and traffic management, pedestrian infrastructure, and accessibility for all users. These improvements will also help bring traffic safety devices up to current design standards. This will be accomplished through preserving and extending the service life of the existing pavement on the highway, freeway, shoulder packing, and pavement dig outs. This project will upgrade 4 curb ramps to current Americans with Disabilities Act (ADA) standards as well as guardrail, and guardrail end treatments. There will be minor concrete vegetation control, and replacement of several traffic operations and management elements, including sign panels, CCTVs, and vehicle detection systems.

Community

The project traverses a largely rural agricultural environment from the south of Molera Rd. interchange to the Santa Cruz County line. Highway 1 will pass by the Moss Landing and Castroville communities. Highway 1 is heavily used for both regional and interregional commuter trips and links major coastal communities at the regional level.

Current Schedule

| | |
|--|-------------|
| Approve Project Initiation Doc. | Completed |
| Approve Project Report & Environ. Doc. | Summer 2024 |
| Design Completion | Spring 2026 |
| Begin Construction | Winter 2026 |
| End Construction | Spring 2029 |

Funding

Fund Source SHOPP
Construction Capital Estimate \$16,810,000
Right of Way Capital Estimate \$102,000
